This treatment shall be applicable to issuer rating when there is no issue rating for a sukuk.</p> <p>The Fund's investments in MYR-denominated sukuk which are issued by government and/or government-linked agencies need not be rated.</p> <p>In determining the applicable rating for the respective MYR-denominated sukuk, the issuer rating assigned by a relevant rating agency may be used instead when there is no rating assigned by the same rating agency to the sukuk and the EIM is of the opinion that the issuer's rating is a representation of the sukuk's rating,</p>

RISK FACTORS

FUND	Maybank Income Flow-I Fund
General Risks of Investing in the Fund	<p><u>Market Risk</u> Market risk refers to the possibility that an investment will lose value because of a general decline in financial markets, due to economic, political and/or other factors, which will result in a decline in the Fund's NAV. We will monitor the financial markets closely and act on any adverse news accordingly.</p> <p><u>Inflation Risk</u> This is the risk that investors' investment in the Fund may not grow or generate income at a rate that keeps pace with inflation. This would reduce investors' purchasing power even though the nominal value of the investment in monetary terms has increased.</p> <p><u>Liquidity Risk</u> Liquidity risk refers to the ease of liquidating an asset depending on the asset's volume traded in the market. If the Fund holds assets that are illiquid, or are difficult to dispose of, the value of the Fund will be negatively affected when it has to sell such assets at unfavourable prices.</p> <p>Liquidity risk of the Fund is also our ability as manager to honour redemption requests or to pay Unit Holders' redemption proceeds in a timely manner. We will actively manage the liquidity of the Fund and/or where available, take cash financing on a temporary basis as permitted by the relevant laws to manage the Unit Holders' redemption.</p> <p><u>Financing Risk</u> This risk occurs when investors take a financing to finance their investment. The inherent risk of investing with financed money includes investors being unable to service the financing. In the event Units are used as collateral, an investor may be required to top-up the investors' existing instalment if the</p>

FUND	Maybank Income Flow-I Fund
	<p>prices of Units fall below a certain level due to market conditions. Failing which, the Units may be sold at a lower NAV per Unit as compared to the NAV per Unit at the point of purchase towards settling the financing.</p> <p><u>Non-compliance Risk</u> This risk refers to the possibility that we may not follow the provisions set out in this Prospectus or the Deed or the law, rules or guidelines or internal operating policies which governs the Fund. Non-compliance may occur directly due to factors such as human error or system failure and can also occur indirectly due to amendment on the relevant regulatory frameworks, laws, rules, and other legal practices affecting the Fund. This risk may result in operational disruptions and potential losses to the Fund. We aim to reduce this risk by placing stringent internal policies and procedures and compliance monitoring processes to ensure that the Fund is in compliance with the relevant fund regulations or guidelines.</p> <p><u>Manager’s Risk</u> This risk refers to our day-to-day management of the Fund which will impact the performance of the Fund. For example, investment decisions undertaken by us, as a result of an incorrect view of the market or any non-compliance with internal policies, investment mandate, the Deed, relevant law or guidelines due to factors such as human error or weaknesses in operational process and systems, may adversely affect the performance of the Fund. In order to mitigate this risk, the implementation of internal controls and a structured investment process and operational procedures has been put in place by us.</p> <p><u>Returns Are Not Guaranteed</u> Investors should be aware that there is no guarantee of any returns, i.e., income distribution or capital appreciation by investing in the Fund. Unlike fixed deposits placed directly by the investors into any financial institution which carry a specific rate of return, the Fund does not provide a fixed rate of return.</p> <p><u>Suspension of Redemption Risk</u> The Fund may, in consultation with the Trustee and having considered the interests of the Unit Holders, suspend the redemption of Units under exceptional circumstances, where the fair value of a material portion of the Fund’s assets cannot be reasonably determined. Upon suspension, the Fund will not be able to pay Unit Holders’ redemption proceeds in a timely manner and Unit Holders will be compelled to remain invested in the Fund for a longer period of time than the stipulated redemption timeline. Hence, Unit Holder’s investments will continue to be subjected to the risk factors inherent to the Fund. Please refer to Section 5.9 of this Prospectus for more information on suspension of dealing in Units.</p>
Specific Risks of the Fund	<p><u>Profit Rate Risk</u> Profit rate risk refers to the impact of profit rate changes on the valuation of sukuk, Islamic money market instruments and Islamic deposits. When profit rates rise, sukuk’ and Islamic money market instruments’ prices generally decline and this may lower the market value of the Fund’s investment in sukuk and Islamic money market instruments. The reverse may apply when profit rates fall.</p> <p>Profit rate fluctuations also affect the Islamic deposits’ returns of the Fund. Profit rates offered by the financial institutions will fluctuate according to the overnight rate policy determined by Bank Negara Malaysia and this has direct correlation with the Fund’s investment in Islamic deposits. The Fund’s future reinvestment in Islamic deposits will benefit from the higher profit rate and in</p>

FUND	Maybank Income Flow-I Fund
	<p>the event of falling profit rates, the Fund’s future investment in Islamic deposits will be reinvested at lower profit rates which in turn will reduce the Fund’s potential returns.</p> <p><u>Credit and Default Risk</u> Credit risk relates to the creditworthiness of the issuers of the sukuk or Islamic money market instruments, and their expected ability to make timely payment of profit and/or principal. Any adverse situations faced by the issuer may impact the value as well as liquidity of the sukuk or Islamic money market instruments. In the case of rated sukuk or Islamic money market instruments, this may lead to a credit downgrade. Default risk relates to the risk that an issuer of a sukuk or Islamic money market instrument either defaulting on payments or failing to make payments in a timely manner which will in turn adversely affect the value of the sukuk or Islamic money market instruments. This could adversely affect the value of the Fund.</p> <p>This risk is mitigated by investing in sukuk with credit rating of at least “A3” by RAM or an equivalent rating by MARC and carrying out due diligence in the credit assessments of the investments. In the absence of a credit rating for the sukuk, the credit rating of the issuer issuing the sukuk will be used instead.</p> <p>Islamic deposits that the Fund has placed with financial institutions are also exposed to default risk. If the financial institutions become insolvent, the Fund may suffer capital losses with regards to the capital invested and profit foregone, causing the performance of the Fund to be adversely affected. Placements of Islamic deposits with financial institution will also be made based on prudent selection.</p> <p><u>Company Specific Risk</u> This risk arises when a company is exposed to adverse conditions or negative sentiments such as management issues, deteriorating business fundamentals or loss of competitiveness which is specific to a single company. As a consequence, the price of sukuk issued by such company might fall and subsequently affects the Fund’s performance. The impact of a specific company may be reduced as the Fund invests in a wide portfolio of investments consisting of sukuk issued by different companies thereby spreading the element of this risk through diversification.</p> <p><u>Shariah Non-compliance Risk</u> This is the risk of the Fund not conforming to Shariah Investment Guidelines. We and the EIM would be responsible for ensuring that the Fund is managed and administered in accordance with the Shariah Investment Guidelines. As the Fund can only invest in Shariah-compliant investments, non-compliance may adversely affect the NAV of the Fund when the rectification of such non-compliance results in losses.</p> <p><u>Distribution Out of Capital Risk</u> The Fund may distribute income out of its capital. The declaration and payment of distribution may have the effect of lowering the NAV of the Fund. In addition, distribution out of the Fund’s capital may reduce part of the Unit Holders’ original investment and may also result in reduced future returns to Unit Holders.</p>
Risk Management Strategies	Risk management is an integral part of our investment management process. We and the EIM employ measures such as asset allocation strategy in order to manage the specific risks of the Fund. When downturn is expected in sukuk

FUND	Maybank Income Flow-I Fund
	<p>markets and liquidity risks are high, the EIM may reduce the Fund’s allocation in sukuk and increase its asset allocation to Islamic liquid assets to safeguard the investment portfolio of the Fund. The Fund’s exposure will also be spread across various sectors, counterparties and companies as diversification strategy is also recognised by us and the EIM as an essential risk management strategy for the Fund.</p> <p>In order to ensure that the Fund is managed in accordance with the Guidelines and the Deed, proper procedures and parameters are in place to manage the risks that are applicable to the Fund. Regular monitoring, reviews and reporting are also undertaken by us and the EIM to ensure that the Fund’s investment objective is met.</p> <p><u>Liquidity Risk Management</u> In evaluating the Fund’s liquidity, we and/or the EIM, as the case may be, will:</p> <p>(a) actively manage the liquidity risk of the Fund to manage redemption requests from Unit Holders; and/or</p> <p>(b) where available, obtain cash financing on a temporary basis for the purpose of meeting redemption requests for Units and for short term bridging requirements subject to the conditions set out in the section below under the heading “Financing and Borrowing”.</p> <p>However, if we have exhausted the above avenue, we will then, in consultation with the Trustee and having considered the interests of the Unit Holders, resort to suspend the redemption of Units to manage the liquidity of the Fund under exceptional circumstances, where the fair value of a material portion of the Fund’s assets cannot be reasonably determined. Any redemption request received by us during the suspension period will only be accepted and processed on the next Business Day after the cessation of suspension of the Fund. Please refer to Section 5.9 of this Prospectus for more information on suspension of dealing in Units.</p>

Investors are reminded that the risks listed above may not be exhaustive and if necessary, they should consult their adviser(s), e.g. bankers, lawyers, Shariah advisers, stockbrokers or independent professional advisers for a better understanding of the risks.

Investor’s Profile	<p>The Fund is suitable for investors who:</p> <ul style="list-style-type: none"> • seek income distribution; and • prefer a short to medium-term investment horizon.
Distribution Policy	<p>Distribution will be made on a monthly basis or at such other frequency as the Manager may decide in its absolute discretion.</p> <p>The Fund may distribute from realised income, realised gains, unrealised income and/or unrealised gains to enable the Fund to distribute income on a regular basis in accordance with the distribution policy of the Fund. FUND	Maybank Income Flow-I Fund
	<p>In addition, any distribution out of the Fund's capital may amount to a reduction of part of the Unit Holders' original investment and may also result in reduced future returns to Unit Holders. When a substantial amount of the original investment is being returned to the Unit Holders, it has a risk of eroding the capital of the Fund and may, over time, cause the NAV of the Fund to fall. The greater the risk of capital erosion that exists, the greater the likelihood that, due to capital erosion, the value of future returns would also be diminished.</p>
Mode of Distribution	<p>You may elect to either receive income payment via cash payment mode or reinvestment mode.</p> <p>If you did not elect the mode of distribution, all income distribution will be automatically reinvested into additional Units in the Fund.</p> <p>Unit Holders who elect to receive income payment via cash payment mode may receive the income payment by way of electronic payment into the Unit Holders' bank account on the income payment date (which is within seven (7) Business Days from the Ex-distribution Date). All bank charges for the electronic payment will be borne by the Unit Holders. The transfer charges will be deducted directly from the transferred amount before being paid to the Unit Holders' bank account.</p> <p><i>Note: If you are investing in the Fund through our distributors, you will be subject to the applicable mode of distribution (i.e., cash payment or reinvestment or both) which has been chosen by our distributors. (5) TRANSACTION INFORMATION

5.1 Bases of Valuation of Investments

Sukuk

Listed sukuk will be valued daily based on the last done market price.

However, if:-

- (a) a valuation based on the market price does not represent the fair value of the listed sukuk, for example during abnormal market conditions; or
- (b) no market price is available, including in the event of a suspension in the quotation of listed sukuk for a period exceeding 14 days, or such shorter period as agreed by the Trustee,

then the listed sukuk would be valued at fair value, as determined in good faith by us based on the methods or bases approved by the Trustee after appropriate technical consultation.

Investments in unlisted RM-denominated sukuk will be valued daily based on the price quoted by a bond pricing agency (“BPA”) registered with the SC. Where we are of the view that the price quoted by BPA for a specific sukuk differs from the market price by more than 20 basis points, we may use the market price provided that we:

- (a) record our basis for using a non-BPA price;
- (b) obtain the necessary internal approvals to use the non-BPA price; and
- (c) keep an audit trail of all decisions and basis for adopting the market yield.

Islamic money market instruments

Investments in Islamic commercial papers and Islamic treasury bills are valued each day based on the price quoted by BPA registered with the SC. Where we are of the view that the price quoted by BPA differs from the market price by more than 20 basis points, we may use the market price provided that we:

- (a) record our basis for using a non-BPA price;
- (b) obtain the necessary internal approvals to use the non-BPA price; and
- (c) keep an audit trail of all decisions and basis for adopting the market yield.

For investments in Islamic money market instruments with remaining term to maturity of not more than 90 days at the time of acquisition, such instruments are valued each day based on amortised cost. The risk of using amortised cost accounting is the mispricing of the Islamic money market instruments. We will monitor the valuation of such Islamic money market instruments using amortised cost method against the market value on a daily basis and will use the market value if the difference in valuation exceeds 3%.

Islamic deposits

Islamic deposits placed with financial institutions are valued each day by reference to the value of such investments and the profits accrued thereon for the relevant period.

Any other Shariah-compliant investments

Fair value as determined in good faith by us or the EIM, on methods or bases which have been verified by the auditor of the Fund and approved by the Trustee.

5.2 Valuation Point

The Fund is valued once at the end of every Business Day.

As such, the daily price of the Fund for a particular Business Day will be published on the next Business Day.

5.3 Computation of NAV and NAV per Unit

The NAV of the Fund is determined by deducting the value of the Fund's liabilities from the value of the Fund's assets at a valuation point.

Please note that the example below is for illustration only:

	RM
Value of the Fund	100,000,000.00
Add : Other assets (including cash) & income	1,400,000.00
Less : Liabilities	200,000.00
NAV before deducting management fee and trustee fee for the day	<u>101,200,000.00</u>
Less : Management fee for the day (at 0.50% per annum calculated based on the NAV) RM101,200,000 X 0.50% / 365 days	1,386.30
Less : Trustee fee for the day (at 0.05% per annum calculated based on the NAV) RM101,200,000.00 X 0.05% / 365 days	138.63
Total NAV	<u>101,198,475.07</u>

The NAV per Unit of the Fund is calculated by dividing the total NAV of the Fund by the number of Units in circulation at the end of each Business Day.

Assuming there are 100,000,000 Units of the Fund in circulation at the point of valuation, the NAV per Unit shall therefore be calculated as follows:

	RM
NAV of the Fund	101,198,475.07
Divide: Units in circulation	100,000,000
NAV per Unit of the Fund	<u>1.0120*</u>

** The NAV per Unit will be rounded up to 4 decimal places for the purposes of publication of the NAV per Unit.*

5.4 Pricing of Units

Single Pricing Regime

We adopt a **single pricing regime** in calculating your investments into the Fund and redemption of Units. This means that all purchases and redemptions are transacted on a single price (i.e. NAV per Unit). You would therefore purchase and redeem Units at NAV per Unit. The Selling Price per Unit and Redemption Price per Unit are based on Forward Pricing.

Selling Price of Units

The Selling Price of a Unit of the Fund is the NAV per Unit at the next valuation point after the request to purchase Units is received by us (Forward Pricing). The sales charge applicable is payable by you in addition to the Selling Price for the Units purchased.

Calculation of Selling Price
Illustration - Sale of Units

Example:

If you wish to invest RM10,000.00 before 4.00 p.m. on any Business Day, and if the sales charge is 0.50% of the NAV per Unit, the total amount to be paid by you and the number of Units issued to you will be as follows:

$$\begin{aligned} \text{Sales charge incurred} &= \frac{\text{investment amount}}{1 + \text{sales charge (\%)}} \times \text{sales charge (\%)} \\ &= \frac{\text{RM10,000}}{1 + 0.50\%} \times 0.50\% \\ &= \text{RM49.75} \\ \\ \text{Net investment amount} &= \text{investment amount} - \text{sales charge} \\ &= \text{RM10,000} - \text{RM49.75} \\ &= \text{RM9,950.25} \\ \\ \text{Units credited to investor} &= \text{net investment amount} / \text{NAV per Unit} \\ &= \text{RM9,950.25} / \text{RM1.000} \\ &= 9,950.25 \text{ Units} \end{aligned}$$

You are advised not to make payment in cash when purchasing Units of the Fund via any individual agent.

Redemption Price of Units

The Redemption Price of a Unit of the Fund is the NAV per Unit at the next valuation point after the redemption request is received by us (Forward Pricing).

Calculation of Redemption Price
Illustration - Redemption of Units

Example:

If you wish to redeem 10,000.00 Units before 4.00 p.m. on any Business Day, and if no redemption charge is imposed, the total amount to be paid to you will be as follows:

In the event that the NAV per Unit at the end of the Business Day = RM1.0000

Redemption charge payable by you = 0% x [10,000.00 Units x RM1.0000] = RM0.00

The total amount to be paid to you will be:

$$\begin{aligned} &= \text{the number of Units to be redeemed multiplied with the NAV per Unit less redemption charge} \\ &= [10,000.00 \text{ Units} \times \text{RM1.0000}] - \text{RM0.00} \\ &= \underline{\underline{\text{RM10,000.00}}} \end{aligned}$$

Therefore, you will receive RM10,000.00 as redemption proceeds.

5.5 Incorrect Pricing

We shall ensure that the Fund and the Units are correctly valued and priced according to the Deed and all relevant laws. Where there is an error in the valuation and pricing of the Fund and/or Units, any incorrect valuation and pricing of the Fund and/or Units which is deemed to be significant will involve the reimbursement of money in the following manner:

(i) by us to the Fund; or

(ii) by the Fund to you and/or the former Unit Holders.

However, reimbursement of money shall only apply if the error is at or above the significant threshold of 0.5% of the NAV per Unit and the amount to be reimbursed is RM10.00 or more.

There are fees and charges involved and you are advised to consider the fees and charges before investing in the Fund.

TRANSACTION DETAILS

5.6 How and Where to Purchase and Redeem Units of the Fund

You can purchase and sell Units of the Fund at any of our appointed distributors as set out in Section 14 of this Prospectus.

5.7 Investment

The minimum initial investment and minimum additional investment for the Fund are set out in the table below:

Minimum Initial Investment [^]	RM1,000
Minimum Additional Investment [^]	RM100

[^] or such other lower amount as determined by us from time to time.

Investors are recognised as Unit Holders only after they have been registered in the Unit Holders' register. The registration takes effect from the date we receive and accept the application to purchase Units from you together with the payment thereof.

Note: Our distributors may set a lower minimum initial and/or additional investments than the above for investments made via our distributors subject to their terms and conditions for investment.

5.8 Redemption of Units

You may redeem part or all of your Units on any Business Day by simply completing the redemption request form and returning it to us.

The minimum Unit holdings after the redemption is 1,000 Units or such other lower number of Units as determined by us from time to time.

If your Unit holdings, after a redemption request, are below the minimum Unit holdings for the Fund, full redemption will be initiated. Transaction costs such as charges for electronic payments, if any, will be borne by you and will be set-off against the redemption proceeds.

You shall be paid within three (3) Business Days from the date the redemption request is received by us. However, in the event of large redemptions on a single Business Day or in unforeseen circumstances where we have insufficient Islamic liquid assets to pay within the three (3) Business Days, the redemption proceeds will be paid to you not exceeding seven (7) Business Days.

Other than the above conditions, there is no restriction in terms of the frequency of redemption for the Fund.

5.9 Suspension of Dealing in Units

We may, in consultation with the Trustee and having considered the interests of the Unit Holders, suspend the dealing in Units due to exceptional circumstances, where there is good and sufficient reason to do so (e.g. where the market value or fair value of a material portion of the Fund's assets cannot be determined).

We will cease the suspension as soon as practicable after the aforesaid circumstances has ceased, and in any event within 21 days of commencement of suspension. The period of suspension may be extended if we satisfy the Trustee that it is in the best interest of Unit Holders for the dealing in Units to remain suspended. Such suspension will be subject to weekly review by the Trustee.

Any redemption request received by us during the suspension period will only be accepted and processed on the next Business Day after the cessation of suspension of the Fund. In such cases, Unit Holders will be compelled to remain invested in the Fund for a longer period of time than the stipulated redemption timeline. Hence, their investments will continue to be subjected to the risk factors inherent to the Fund.

Where such suspension is triggered, we will inform all Unit Holders in a timely and appropriate manner of our decision to suspend the dealing in Units.

5.10 Transfer of Units

Transfer of ownership of Units is allowed for this Fund.

Transfer of ownership from the account of the deceased Unit Holder to his/her personal representative will only be undertaken through the process of estate administration and death claims procedures.

5.11 Switching

You are permitted to switch from and to other funds managed by us provided that both funds are denominated in the same currency. Switching is treated as a withdrawal from one (1) fund and an investment into another fund. Switching will be made at the prevailing NAV per Unit of the fund to be switched from on a Business Day when the switching request is received and accepted by us, subject to the availability and any terms and conditions imposed by the intended fund to be switched to, if any.

There is no restriction on the minimum number of Units for a switch or the frequency of switching. However, you must meet the minimum Unit holdings (after the switch) of the Fund that you intend to switch from unless you are redeeming all your investments from the Fund.

If you switch from a fund with a lower sales charge to a fund with a higher sales charge, you need to pay the difference in sales charge between the sales charges of these two (2) funds in addition to the switching fee. If you switch from a fund with higher sales charge to a fund with a lower sales charge, you do not need to pay the difference in sales charge between these funds.

For example:-

Scenario 1

If you invest in a fund with no sales charge and now wish to switch to another fund which has a sales charge of 1.00% on the net asset value per unit, you will be charged the difference in sales charge of 1.00% on the net asset value per unit of the fund being switched into in addition to the switching fee of the fund you switched from.

Scenario 2

If you invest in a fund with a sales charge of 1.00% on the net asset value per unit and now wish to switch to another fund which has no sales charge, you will not be charged any sales charge.

Any switching request made **on or before the cut off time of 4.00 p.m.** will be made at the NAV per Unit of the fund to be switched from when the switching request is received and accepted by us on a Business Day, subject to availability and any terms and conditions imposed by the intended fund, if any.

Any switching request received or deemed to have been received after this cut-off time would be considered as being transacted on the following Business Day.

We reserve the right to vary the terms and conditions for switching from time to time, which shall be communicated to you in writing.

However, switching from an Islamic fund to a conventional fund is discouraged especially for Muslim Unit Holders.

Note: Our distributors may set an earlier cut-off time for receiving applications in respect of switching of Units. Please check with the respective distributors for their respective cut-off time.

5.12 Dealing Cut-Off Time for Investment and Redemption of Units

The dealing cut-off time is at **4.00 p.m.** on a Business Day.

Any application received via e-mail notification (or by fax, if e-mail is down) by us as well as cleared funds (unless any prior arrangement is made with us) received on or before the cut-off time on a Business Day will be processed on the same Business Day based on the Forward Pricing of the Fund.

Any application received after the cut-off time on a Business Day will be treated as having been received on the next Business Day and will be processed on the next Business Day based on the next Forward Pricing of the Fund.

The above is in accordance with the standards issued by FIMM on the dealing cut-off time.

Note: Our distributors may set an earlier cut-off time for receiving applications in respect of any dealing in Units. Please check with the respective distributors for their respective cut-off time.

5.13 Notice of Cooling-off Period

A cooling-off right refers to the right of an individual Unit Holder to obtain a refund of his investment in the Fund if he so requests within the cooling-off period. A cooling-off right is only given to you as an investor, **other than those listed below**, who is investing in any of our funds **for the first time**:

- (i) our staff; and
- (ii) persons registered with a body approved by the SC to deal in unit trusts.

The cooling-off period shall be for a total of six (6) Business Days commencing from the date the application for Units is received by us.

The refund for every Unit held by you pursuant to the exercise of your cooling-off right shall be as follows:

- (a) if the NAV per Unit on the day the Units were first purchased is higher than the NAV per Unit at the point of exercise of the cooling-off right (“Market Price”), the Market Price at the point of cooling-off; or
- (b) if the Market Price is higher than the NAV per Unit on the day the Units were first purchased, the NAV per Unit on the day the Units were first purchased; and
- (c) the sales charge per Unit originally imposed on the day the Units were purchased.

You will be refunded within seven (7) Business Days from our receipt of your cooling-off application.

You are advised not to make payment in cash when purchasing Units of the Fund via any individual agent.

5.14 Distribution of Income

Distribution will be made on a monthly basis or at such other frequency as the Manager may decide in its absolute discretion.

The Fund may distribute from realised income, realised gains, unrealised income and/or unrealised gains to enable the Fund to distribute income on a regular basis in accordance with the distribution policy of the Fund. Any declaration and payment of distribution will have the effect of lowering the NAV of the Fund.

In addition, distribution out of the Fund’s capital may amount to a reduction of part of the Unit Holders’ original investment and may also result in reduced future returns to Unit Holders. When a substantial amount of the original investment is being returned to the Unit Holders, it has a risk of eroding the capital of the Fund and may, over time, cause the NAV of the Fund to fall. The greater the risk of capital erosion that exists, the greater the likelihood that, due to capital erosion, the value of future returns would also be diminished.

Mode of Distribution

You may elect to either receive income payment via cash payment mode or reinvestment mode.

If you did not elect the mode of distribution, all income distribution will be automatically reinvested into additional Units in the Fund.

Unit Holders who elect to receive income payment via cash payment mode may receive the income payment by way of electronic payment into the Unit Holder’s bank account on the income payment date (which is within seven (7) Business Days from the Ex-distribution Date).

All bank charges for the electronic payment will be borne by the Unit Holders. The transfer charges will be deducted directly from the transferred amount before being paid to the Unit Holder’s bank account.

Note: If you are investing in the Fund through our distributors, you will be subject to the applicable mode of distribution (i.e., cash payment or reinvestment or both) which has been chosen by our distributors. Please check with the respective distributors for the mode of distribution available to you.

Reinvestment Policy

We will create the Units based on the NAV per Unit* at the income reinvestment date (which is within seven (7) Business Days from the Ex-distribution Date).

**There will be no cost to Unit Holders for reinvestments in new additional Units.*

5.15 Anti-Money Laundering Policies and Procedures

We have established this set of policies and procedures to prevent money laundering activity and to report transactions if it appears to be suspicious, in compliance with the provision of Anti Money-Laundering, Anti-Terrorism Financing and Proceeds of Unlawful Activities Act, 2001 (“*AMLA*”). Dear Sirs

Taxation of the unit trust fund and unit holders

This letter has been prepared for inclusion in this Prospectus in connection with the offer of units in the unit trust known as Maybank Liquid Income-I Fund (hereinafter referred to as "the Fund").

The purpose of this letter is to provide prospective unit holders with an overview of the impact of taxation on the Fund and the unit holders.

Taxation of the Fund

The taxation of the Fund is subject to the provisions of the Malaysian Income Tax Act 1967 (MITA), particularly Sections 61 and 63B.

Subject to certain exemptions, the income of the Fund comprising profits and other investment income derived from or accruing in Malaysia after deducting tax allowable expenses, is subject to Malaysian income tax at the rate of 24% with effect from the year of assessment 2016.

Under Section 2(7) of the MITA, any reference to interest shall apply, *mutatis mutandis*, to gains or profits received and expenses incurred, in lieu of interest, in transactions conducted in accordance with the principles of *Syariah*.

The effect of this is that any gains or profits received (hereinafter referred to as "profits") and expenses incurred, in lieu of interest, in transactions conducted in accordance with the principles of *Syariah*, will be accorded the same tax treatment as if they were interest.

The Board of Directors
Maybank Liquid Income-I Fund

Tax allowable expenses would comprise expenses falling under Section 33(1) and Section 63B of the MITA. Section 33(1) permits a deduction for expenses that are wholly and exclusively incurred in the production of gross income. In addition, Section 63B allows unit trusts a deduction for a portion of other expenses (referred to as 'permitted expenses') not directly related to the production of income, as explained below.

"Permitted expenses" refer to the following expenses incurred by the Fund which are not deductible under Section 33(1) of the MITA:

- the manager's remuneration,
- maintenance of the register of unit holders,
- share registration expenses,
- secretarial, audit and accounting fees, telephone charges, printing and stationery costs and postage.

These expenses are given a partial deduction under Section 63B of the MITA, based on the following formula:

$$A \times \frac{B}{4C}$$

where A is the total of the permitted expenses incurred for that basis period;

B is gross income consisting of dividend¹, interest and rent chargeable to tax for that basis period; and

C is the aggregate of the gross income consisting of dividend¹ and interest (whether such dividend or interest is exempt or not) and rent, and gains made from the realisation of investments (whether chargeable to tax or not) for that basis period,

provided that the amount of deduction to be made shall not be less than 10% of the total permitted expenses incurred for that basis period.

¹ Pursuant to Section 15 of the Finance Act 2011, with effect from the year of assessment 2011, dividend income is deemed to include income distributed by a unit trust which includes distributions from Real Estate Investment Trusts.

Exempt income

The following income of the Fund is exempt from income tax:

- **Malaysian sourced dividends**

All Malaysian-sourced dividends should be exempt from income tax.
- **Malaysian sourced interest**
 - (i) interest from securities or bonds issued or guaranteed by the Government of Malaysia;
 - (ii) interest from debentures or *sukuk*, other than convertible loan stock, approved or authorized by, or lodged with, the Securities Commission;
 - (iii) interest from Bon Simpanan Malaysia issued by Bank Negara Malaysia;
 - (iv) interest derived from Malaysia and paid or credited by banks licensed under the Financial Services Act 2013 or the Islamic Financial Services Act 2013²;
 - (v) interest derived from Malaysia and paid or credited by any development financial institution prescribed under the Development Financial Institutions Act 2002²;
 - (vi) interest from *sukuk* originating from Malaysia, other than convertible loan stock, issued in any currency other than Ringgit and approved or authorized by, or lodged with, the Securities Commission or approved by the Labuan Financial Services Authority (LFSA)³; and
 - (vii) interest which is specifically exempted by way of statutory orders or any other specific exemption provided by the Minister.
- **Discount**

Tax exemption is given on discount paid or credited to any unit trust in respect of investments as specified in items (i), (ii) and (iii) above.

² Effective from 1 January 2019, the income tax exemption for a unit trust fund, pursuant to Paragraph 35A, Schedule 6 of the Income Tax Act, 1967 shall not apply to a wholesale fund which is a money market fund.

³ Effective from the year of assessment 2017, the exemption shall not apply to interest paid or credited to a company in the same group or interest paid or credited to a bank licensed under the Financial Services Act 2013 or the Islamic Financial Services Act 2013; or a development financial institution prescribed under the Development Financial Institutions Act 2002.

Foreign-sourced income

Pursuant to the Finance Act 2021, income derived by a resident person from sources outside Malaysia and received in Malaysia from 1 January 2022 will no longer be exempt from tax.

The Guidelines issued by the Malaysian Inland Revenue Board on 29 September 2022 define the term “received in Malaysia” to mean transferred or brought into Malaysia, either by way of cash⁴ or electronic funds transfer⁵.

Foreign-sourced income (FSI) received in Malaysia during the transitional period from 1 January 2022 to 30 June 2022 will be taxed at 3% of gross. From 1 July 2022 onwards, FSI received in Malaysia will be taxed at the prevailing tax rate(s) of the taxpayer and based on applicable tax rules. Bilateral or unilateral tax credits may be allowed if the same income has suffered foreign tax, and where relevant conditions are met.

Income Tax (Exemption) (No. 6) Order 2022 has been issued to exempt a “qualifying person”⁶ from the payment of income tax in respect of dividend income which is received in Malaysia from outside Malaysia, effective from 1 January 2022 to 31 December 2026. The exemption will however not apply to a person carrying on the business of banking, insurance or sea or air transport. As the definition of “qualifying person” does not include unit trust funds, it would mean that resident unit trust funds would technically not qualify for the exemption, unless there are further updates thereto.

Gains from the realisation of investments

Pursuant to Section 61(1) (b) of the MITA, gains from the realisation of investments will not be treated as income of the Fund and hence, are not subject to income tax. Such gains may be subject to real property gains tax (RPGT) under the Real Property Gains Tax Act 1976 (RPGT Act), if the gains are derived from the disposal of chargeable assets, as defined in the RPGT Act.

⁴ “Cash” in this context is defined as banknotes, coins and cheques.

⁵ “Electronic funds transfer” means bank transfers (e.g., credit or debit transfers), payment cards (debit card, credit card and charge card), electronic money, privately-issued digital assets (e.g., crypto-assets, stablecoins) and central bank digital currency.

⁶ “Qualifying person” in this context means a person resident in Malaysia who is:

- (a) An individual who has dividend income received in Malaysia from outside Malaysia in relation to a partnership business in Malaysia;
- (b) A limited liability partnership which is registered under the Limited Liability Partnerships Act 2012; or
- (c) A company which is incorporated or registered under the Companies Act 2016.

Implementation of Sales and Service Tax ("SST")

Sales and Service Tax ("SST") was re-introduced effective 1 September 2018. Sales Tax of 10% (most common rate) or 5% is charged by Malaysian manufacturers of taxable goods or upon importation into Malaysia of such taxable goods, unless specifically exempted under the Sales Tax (Goods Exempted From Tax) Order 2018. Service Tax at the rate of 6% is charged on certain prescribed taxable services performed by taxable persons as stipulated under Service Tax Regulations 2018. The input tax recovery mechanism under the previous GST regime does not apply to SST. Therefore, any SST incurred is not recoverable and will form a cost element for businesses.

Based on the Service Tax Regulations 2018, a unit trust fund is neither regarded as a taxable person nor as providing taxable services and is therefore not liable for SST registration. Where the Fund incurs expenses such as management fees, the management services provided by asset and fund managers who are licensed or registered with Securities Commission Malaysia for carrying out the regulated activity of fund management under the Capital Markets and Services Act 2007, are specifically excluded from the scope of Service Tax. As for other fees, such as trustee fees and other administrative charges, these may be subject to 6% service tax provided they fall within the scope of service tax (i.e. are provided by a "taxable person", who exceeds the required annual threshold (in most cases RM 500,000 per annum) and the services qualify as "taxable services").

Taxation of unit holders

For Malaysian income tax purposes, unit holders will be taxed on their share of the distributions received from the Fund.

The income of unit holders from their investment in the Fund broadly falls under the following categories:

1. taxable distributions; and
2. non-taxable and exempt distributions.

In addition, unit holders may also realise a gain from the sale of units.

The tax implications of each of the above categories are explained below:

1. Taxable distributions

Distributions received from the Fund will have to be grossed up to take into account the underlying tax paid by the Fund and the unit holder will be taxed on the grossed up amount.

The Board of Directors
Maybank Liquid Income-I Fund
7 December 2022

6

Such distributions carry a tax credit, which will be available for set-off against any Malaysian income tax payable by the unit holder. Should the tax deducted at source exceed the tax liability of the unit holder, the excess is refundable to the unit holder.

Please refer to the paragraph below for the income tax rates applicable to the grossed up distributions.

2. Non-taxable and exempt distributions

Tax exempt distributions made out of gains from the realisation of investments and exempt income earned by the Fund will not be subject to Malaysian income tax in the hands of the unit holders.

A retail money market fund is exempted from tax on its interest income derived from Malaysia, pursuant to Paragraph 35A of Schedule 6 of the ITA. Pursuant to the Finance Act 2021, with effect from 1 January 2022, distributions by a retail money market fund from such tax exempt interest income, to a unit holder other than an individual, will no longer be exempt from tax. The distribution to unit holders other than individuals will be subject to withholding tax at 24%. This would be a final tax for non-residents. Malaysian residents are required to include the distributions in their tax returns and claim a credit in respect of the withholding tax suffered. Individuals will continue to be exempt from tax on such distributions.

Rates of tax

The Malaysian income tax chargeable on the unit holders would depend on their tax residence status and whether they are individuals, corporations or trust bodies. The relevant income tax rates are as follows:

<p>Malaysian tax resident:</p> <ul style="list-style-type: none"> • Individual and non-corporate unit holders (such as associations and societies) • Co-operatives⁷ • Trust bodies • Corporate unit holders <ul style="list-style-type: none"> (i) A company with paid up capital in respect of ordinary shares of not more than RM2.5 million (at the beginning of the basis period for the year of assessment) and gross income from a source or sources consisting of a business not exceeding RM50 million for the basis period for the year of assessment^{B 9} (ii) Companies other than (i) above 	<ul style="list-style-type: none"> • Progressive tax rates ranging from 0% to 30% • Progressive tax rates ranging from 0% to 24% • 24% • First RM600,000 of chargeable income @ 17% • Chargeable income in excess of RM600,000 @ 24% • 24%

⁷ Pursuant to Paragraph 12(1), Schedule 6 of the MITA, the income of any co-operative society–

(b) thereafter where the members' funds [as defined in Paragraph 12(2)] of such co-operative society as at the first day of the basis period for the year of assessment is less than seven hundred and fifty thousand ringgit, is exempt from tax.

⁹ The above excludes a business trust and a company which is established for the issuance of asset-backed securities in a securitization transaction approved by the Securities Commission.

Unit holders	Malaysian income tax rates
Non-Malaysian tax resident (Note 1):	
• Individual and non-corporate unit holders	• 30%
• Corporate unit holders and trust bodies	• 24%

Note 1:

Non-resident unit holders may be subject to tax in their respective countries depending on the provisions of the tax legislation in the respective countries and any existing double taxation arrangements with Malaysia.

Gains from sale of units

Gains arising from the realisation of investments will generally not be subject to income tax in the hands of unit holders unless they are insurance companies, financial institutions or traders / dealers in securities.

Unit splits and reinvestment of distributions

Unit holders may also receive new units as a result of unit splits or may choose to reinvest their distributions. The income tax implications of these are as follows:

- Unit splits - new units issued by the Fund pursuant to a unit split will not be subject to income tax in the hands of the unit holders.
- Reinvestment of distributions - unit holders may choose to reinvest their income distribution in new units by informing the Manager. In this event, the unit holder will be deemed to have received the distribution and reinvested it with the Fund.
