6. Key Risks

Specific Risks

(1) Interest Rate Risk

Interest rate fluctuations do affect the fixed deposit returns of the Fund. Interest rates offered by the financial institutions will fluctuate according to the overnight policy rate determined by Bank Negara Malaysia and this has direct correlation with the Fund's investment in fixed deposit. The Fund's investment in fixed deposits will benefit from higher interest rate and in the event that the interest rate is low the Fund's returns will

also be low. Changes in the level of interest will cause prices of money market instruments to change inversely. This risk can largely be eliminated by holding the instruments until maturity, thereby locking in price and yields.

(2) Deposit Account Risk

When the Fund places monies into the fixed deposits, profits are safeguarded by the financial institutions. However, their investment is not without risk. In the event that the financial institutions become insolvent, the Fund may have difficulty getting back their money.

Investors are reminded that the risks listed above may not be exhaustive and if necessary, they should consult their adviser(s), e.g. their bankers, lawyers, stockbrokers or independent professional advisers for a better understanding of the risks.

For more details, please refer to section 3.1 and section 3.2 in the master information memorandum for the general risks and specific risks of investing in the Fund.

Note: If your investments are made through an institutional unit trust adviser (“Distributor”) which adopts the nominee system of ownership, you would not be deemed to be a unit holder under the deed and as a result, your rights as an investor may be limited. Accordingly, we will only recognise the Distributor as a unit holder of the Fund and the Distributor shall be entitled to all the rights conferred to it under the deed.

7. Valuation of Investment

The Fund must be valued at least once every business day. The Fund will be valued at 11.30 a.m. every business day. The valuation of the Fund will be carried out in a fair and accurate manner.
