INVESTMENT OBJECTIVE AND STRATEGY

The Fund aims to achieve capital appreciation by investing primarily in a portfolio of global technology-related equities. The Fund seeks to achieve its investment objective by investing directly or indirectly (through collective investment schemes such as exchange-traded funds) in equities and equity-related securities (including but not limited to warrants, American Depositary Receipts and Global Depositary Receipts) of technology-related companies worldwide. The Fund seeks to adopt a unique investment approach that integrates both active management as well as ESG considerations in a complementary manner.

Disclosures

The yield of the distributions are calculated based on the total dividend payout/ex-distribution NAV.

A Volatility Factor (VF) has been provided by Lipper. The VF means there is a possibility for the fund in generating an upside return or downside return around this VF. The Volatility Class (VC) is assigned by Lipper based on quintile ranks of VF for qualified funds. VF is subject to monthly revision and VC will be revised every six months. The fund's portfolio may have changed since this date and there is no guarantee that the fund will continue to have the same VF or VC in the future. Presently, only funds launched in the market for at least 36 months will display the VF and its VC.
