## Asset Management

### INVESTMENT OBJECTIVE AND STRATEGY

The Fund aims to provide investors with capital growth through investments in securities that are trading at a discount to their intrinsic values, while minimising the risk in the medium to long term. The Fund seeks to maximise total returns by providing investors mainly from capital appreciation through diversified investments primarily in equities listed on the Bursa Malaysia. Up to 25% of its NAV may also be invested in the Asia Pacific markets. The Fund may also invest in stocks that derive the majority of their revenue from the Asia Pacific markets.

## Disclosures

The yield of the distributions are calculated based on the total dividend payout/ex-distribution NAV.

A Volatility Factor (VF) has been provided by Lipper. The VF means there is a possibility for the fund in generating an upside return or downside return around this VF. The Volatility Class (VC) is assigned by Lipper based on quintile ranks of VF for qualified funds. VF is subject to monthly revision and VC will be revised every six months. The fund's portfolio may have changed since this date and there is no guarantee that the fund will continue to have the same VF or VC in the future. Presently, only funds launched in the market for at least 36 months will display the VF and its VC.
