Dear Sirs

Taxation of the unit trust fund and unit holders

This letter has been prepared for inclusion in this First Supplementary Prospectus in connection with the offer of units in the unit trust known Maybank Global Strategic Growth-I Fund (hereinafter referred to as “the Fund”).

The purpose of this letter is to provide prospective unit holders with an overview of the impact of taxation on the Fund and the unit holders.

Taxation of the Fund

The taxation of the Fund is subject to the provisions of the Malaysian Income Tax Act 1967 (MITA), particularly Sections 61 and 63B.

Subject to certain exemptions, the income of the Fund comprising profits and other investment income derived from or accruing in Malaysia after deducting tax allowable expenses, is subject to Malaysian income tax at the rate of 24% with effect from the year of assessment 2016.

Under Section 2(7) of the MITA, any reference to interest shall apply, *mutatis mutandis*, to gains or profits received and expenses incurred, in lieu of interest, in transactions conducted in accordance with the principles of *Syariah*.

A member firm of Ernst & Young Global Limited

This First Supplementary Prospectus is dated 15 April 2025 and must be read together with the Prospectus dated 10 July 2024.

2

The effect of this is that any gains or profits received (hereinafter referred to as "profits") and expenses incurred, in lieu of interest, in transactions conducted in accordance with the principles of *Syariah*, will be accorded the same tax treatment as if they were interest.

Tax allowable expenses would comprise expenses falling under Section 33(1) and Section 63B of the MITA. Section 33(1) permits a deduction for expenses that are wholly and exclusively incurred in the production of gross income. In addition, Section 63B allows unit trusts a deduction for a portion of other expenses (referred to as "permitted expenses") not directly related to the production of income, as explained below.

"Permitted expenses" refer to the following expenses incurred by the Fund which are not deductible under Section 33(1) of the MITA:

- the manager's remuneration,
- maintenance of the register of unit holders,
- share registration expenses,
- secretarial, audit and accounting fees, telephone charges, printing and stationery costs and postage.

These expenses are given a partial deduction under Section 63B of the MITA, based on the following formula:

$$A \times \frac{B}{4C}$$

- where
- A is the total of the permitted expenses incurred for that basis period;
 - B is gross income consisting of dividend¹, interest and rent chargeable to tax for that basis period; and
 - C is the aggregate of the gross income consisting of dividend¹ and interest (whether such dividend or interest is exempt or not) and rent, and gains made from the realisation of investments (whether chargeable to tax or not) for that basis period,

provided that the amount of deduction to be made shall not be less than 10% of the total permitted expenses incurred for that basis period.

¹ Pursuant to Section 15 of the Finance Act 2011, with effect from the year of assessment 2011, dividend income is deemed to include income distributed by a unit trust which includes distributions from Real Estate Investment Trusts.

Foreign-sourced income (FSI)

Pursuant to the Finance Act 2021, income derived by a resident person from sources outside Malaysia and received in Malaysia from 1 January 2022 will no longer be exempt from tax.

Based on the Malaysian Inland Revenue Board's "Guidelines on Tax Treatment in Relation to Income Received from Abroad (Amendment)" updated on 20 June 2024, the term "received in Malaysia" means transferred or brought into Malaysia, either by way of cash⁴ or electronic funds transfer⁵.

FSI received in Malaysia during the transitional period from 1 January 2022 to 30 June 2022 will be taxed at 3% of gross. From 1 July 2022 onwards, FSI received in Malaysia will be taxed at the prevailing tax rate(s) of the taxpayer and based on applicable tax rules. Bilateral or unilateral tax credits may be allowed if the same income has suffered foreign tax⁶, and where relevant conditions are met.

The Income Tax (Unit Trust in relation to Income Received In Malaysia from Outside Malaysia) (Exemption) Order 2024 [P.U.(A) 250] has been issued to exempt a "qualifying unit trust"⁷ from the payment of income tax in respect of gross income from all sources of income under Section 4 of the MITA (including capital gains classified under Section 4(aa)), which is received in Malaysia from outside Malaysia.

This exemption applies to FSI received in Malaysia from 1 January 2024 to 31 December 2026, subject to the following conditions being complied with by the qualifying unit trust or the management company⁸ of the qualifying unit trust:

- ▶ The income received in Malaysia has been subject to tax of a similar character to income tax under the laws of territory from which the income arose; and
- ▶ The highest rate of tax of a similar character to income tax under the law of that territory at that time is not less than 15%.

OR

⁴ "Cash" in this context is defined as banknotes, coins and cheques.

⁵ "Electronic funds transfer" means bank transfers (e.g., credit or debit transfers), payment cards (debit card, credit card and charge card), electronic money, privately-issued digital assets (e.g., crypto-assets, stablecoins) and central bank digital currency.

⁶ "Foreign tax" includes withholding tax

⁷ "Qualifying unit trust" in this context means a unit trust resident in Malaysia that is:

- (a) managed by a management company;
- (b) has income received in Malaysia from outside of Malaysia; and
- (c) does not include a unit trust which is approved by the Securities Commission as Real Estate Investment Trust or Property Trust Fund listed on Bursa Malaysia.

⁸ "Management company" means a company licensed by the Securities Commission by which or on whose behalf a unit of a qualifying unit trust -

- a) has been or is proposed to be issued, or offered for subscription or purchase; or
 - b) in respect of which an invitation to subscribed or purchase has been made.
- and includes any person for the time being exercising the functions of the management company.

A member firm of Ernst & Young Global Limited

This First Supplementary Prospectus is dated 15 April 2025 and must be read together with the Prospectus dated 10 July 2024.

- ▶ The management company of the qualifying unit trust shall employ an adequate number of employees in Malaysia and incur an adequate amount of operating expenditure in Malaysia.

The exemption will not apply to a unit trust carrying on the business of banking, insurance or sea or air transport.

Gains from the realisation of investments

Pursuant to the Finance (No. 2) Act 2023 ("Finance Act"), gains from the realisation of investments by a unit trust would no longer be exempt from tax. Pursuant to Section 61(1)(b) of the MITA, gains arising from the realisation of investments shall be treated as income of a unit trust under Section 4(aa) of MITA, provided that such gains are not related to real property as defined in the Real Property Gains Tax Act 1976. Section 4(aa) provides that gains or profits from the disposal of a capital asset are to be treated as a class of income. The tax imposed on such income under the MITA is commonly referred to as "capital gains tax" (CGT).

Based on the MITA, the following will be subject to Malaysian CGT:

Capital assets situated in Malaysia

- a) Gains or profits from the disposal of shares of a company incorporated in Malaysia not listed on the stock exchange (including any rights or interests thereof) owned by a company, limited liability partnership, trust body or co-operative society
- b) Gains or profits, accruing to a company, limited liability partnership, trust body or co-operative society, on the disposal of shares in foreign incorporated controlled companies deriving value from real property in Malaysia, as determined based on the relevant provisions of the MITA.

Capital assets situated outside Malaysia

- c) Gains or profits from the disposal of movable or immovable property situated outside Malaysia including any rights or interests thereof. Such gains will only be subject to tax when the gains are received in Malaysia.

Note:

Pursuant to the Income Tax (Exemption) (No.3) Order 2024 [P.U.(A) 75], a trust body is exempted from payment of income tax in respect of gains or profits from the disposal of capital asset arising from outside Malaysia which is received in Malaysia. This exemption applies for such disposals from 1 January 2024 to 31 December 2026 subject to the following conditions being complied with by the trust body:

- ▶ employ an adequate number of employees in Malaysia with necessary qualifications to carry out the specified economic activities in Malaysia; and

A member firm of Ernst & Young Global Limited

- incur an adequate amount of operating expenditure for carrying out the specified economic activities in Malaysia.

Note that this exemption order applies to companies, limited liability partnerships, co-operative societies and trust bodies, whilst the (Income Tax (Unit Trust in relation to Income Received in Malaysia from Outside Malaysia) (Exemption) Order 2024 [P.U.(A) 250] (as referred above) applies specifically to qualifying unit trusts.

The Finance Act provides an effective date of 1 January 2024 for the above changes to the MITA. However, pursuant to the Income Tax (Exemption) (No. 7) Order 2023 [P.U.(A) 410] and the Income Tax (Exemption) (No. 2) Order 2024 [P.U.(A) 57], taxpayers, including a trust body, are exempted from the payment of income tax in respect of any gains or profits received from the disposal of capital assets situated in Malaysia (see Item (a) and (b) above) where such disposals occur between 1 January and 29 February 2024.

In addition to the above, the Income Tax (Unit Trust) (Exemption) Order 2024 [P.U.(A) 249] exempts a qualifying unit trust⁹ resident in Malaysia from the payment of income tax in respect of any gains or profit received from the disposal of shares of a company incorporated in Malaysia which is not listed on the stock exchange and from the disposal of shares under section 15C of the MITA where such disposals occur between 1 January 2024 to 31 December 2028.

The exemption will not apply to gains or profits from the disposals of capital asset that fall under Section 4(a) of the MITA, as business income.

CGT rates

As noted above, various tax exemptions are available to a qualifying unit trust. For completeness, if exemptions did not apply, the relevant tax rates of the gains of the disposal of capital assets are as below:

	Tax rates
A. Disposal of capital assets situated in Malaysia which was acquired before 1 January 2024	
▸ On chargeable income of the disposal	10%
▸ On gross disposal price	2%
B. Disposal of capital assets situated in Malaysia which was acquired after 1 January 2024	
▸ On chargeable income of the disposal	10%

⁹ "Qualifying unit trust" in this context does not include a unit trust which is approved by the Securities Commission as a Real Estate Investment Trust or Property Trust Fund listed on Bursa Malaysia.
A member firm of Ernst & Young Global Limited

	Tax rates
C. Disposal of capital assets situated outside Malaysia	
▸ On chargeable income of the disposal	24% (prevailing tax rate of a unit trust)

Implementation of Sales and Service Tax ("SST")

Sales and Service Tax ("SST") was re-introduced effective 1 September 2018. Sales Tax of 10% (most common rate) or 5% is charged by Malaysian manufacturers of taxable goods or upon importation into Malaysia of such taxable goods, unless specifically exempted under the Sales Tax (Goods Exempted From Tax) Order 2018. Service Tax is charged on certain prescribed taxable services performed by taxable persons as stipulated under Service Tax Regulations 2018. The input tax recovery mechanism under the previous GST regime does not apply to SST. Therefore, any SST incurred is not recoverable and will form a cost element for businesses.

Based on the Service Tax Regulations 2018, a unit trust fund is neither regarded as a taxable person nor as providing taxable services and is therefore not liable for SST registration. Where the Fund incurs expenses such as management fees, the management services provided by asset and fund managers who are licensed or registered with Securities Commission Malaysia for carrying out the regulated activity of fund management under the Capital Markets and Services Act 2007, are specifically excluded from the scope of Service Tax. As for other fees, such as trustee fees and other administrative charges, these may be subject to service tax¹⁰ provided they fall within the scope of service tax (i.e. are provided by a "taxable person", who exceeds the required annual threshold (in most cases RM 500,000 per annum) and the services qualify as "taxable services").

Taxation of unit holders

For Malaysian income tax purposes, unit holders will be taxed on their share of the distributions received from the Fund.

The income of unit holders from their investment in the Fund broadly falls under the following categories:

1. taxable distributions; and
2. non-taxable and exempt distributions.

¹⁰ Pursuant to Service Tax (Rate of Tax) (Amendment) Order 2024 [P.U. (A) 64], the service tax rate is increased from 6% to 8% with effect from 1 March 2024 on generally all of the taxable services except for provision of food and beverage services, telecommunication services, parking space and logistics services.

The Board of Directors
Maybank Asset Management Sdn Bhd.
23 December 2024

8

In addition, unit holders may also realise a gain from the sale of units.

The tax implications of each of the above categories are explained below:

1. Taxable distributions

Distributions received from the Fund will have to be grossed up to take into account the underlying tax paid by the Fund and the unit holder will be taxed on the grossed up amount. See however item 2 below on certain distributions which are not taxable to unit holders.

Such taxable distributions carry a tax credit, which will be available for set-off against any Malaysian income tax payable by the unit holder. Should the tax deducted at source exceed the tax liability of the unit holder, the excess is refundable to the unit holders.

Please refer to the paragraph below for the income tax rates applicable to the grossed up distributions.

2. Non-taxable and exempt distributions

Tax exempt distributions made out of gains from the realisation of investments and exempt income earned by the Fund will not be subject to Malaysian income tax in the hands of the unit holders.

A retail money market fund is exempted from tax on its interest income derived from Malaysia, pursuant to Paragraph 35A of Schedule 6 of the MTA. Pursuant to the Finance Act 2021, with effect from 1 January 2022, distributions by a retail money market fund from such tax exempt interest income, to a unit holder other than an individual, will no longer be exempt from tax. The distribution to unit holders other than individuals will be subject to withholding tax at 24%. This would be a final tax for non-residents. Malaysian residents are required to include the distributions in their tax returns and claim a credit in respect of the withholding tax suffered. Individuals will continue to be exempt from tax on such distributions.

As stated above, with effect from 1 January 2024 (1 March 2024 for disposals of shares of a company incorporated in Malaysia not listed on the stock exchange), gains arising from the realisation of investments shall be treated as income of the Fund under Section 4(aa), pursuant to the proviso of Section 61(1)(b) of MTA.¹² However, pursuant to Section 61(1A) of MTA, unit holders will still not be charged to tax on the gains referred to in the proviso to Section 61(1)(b).

RISK FACTORS

FUND	Maybank Global Strategic Growth-I Fund	
General Risks of Investing in the Fund	Market Risk	
	Market risk refers to the possibility that an investment will lose value because of a general decline in financial markets, due to economic, political and/or other factors, which will result in a decline in the Fund's NAV. We will monitor the financial markets closely and act on any adverse news accordingly.	
	Inflation Risk	
	This is the risk that investors' investment in the Fund may not grow or generate income at a rate that keeps pace with inflation. This would reduce investors' purchasing power even though the nominal value of the investment in monetary terms has increased.	
	Liquidity Risk	
	<p>Liquidity risk refers to the ease of liquidating an asset depending on the asset's volume traded in the market. If the Fund holds assets that are illiquid, or are difficult to dispose of, the value of the Fund will be negatively affected when it has to sell such assets at unfavourable prices.</p> <p>Liquidity risk of the Fund is also our ability as manager to honour redemption requests or to pay Unit Holders' redemption proceeds in a timely manner. We will actively manage the liquidity of the Fund and/or where available, take cash financing on a temporary basis as permitted by the relevant laws to manage the Unit Holders' redemption requests.</p> <p>Financing Risk</p> <p>This risk occurs when investors take a financing to finance their investment. The inherent risk of investing with financed money includes investors being unable</p>	

FUND	Maybank Global Strategic Growth-I Fund
	<p>to service the financing. In the event Units are used as collateral, an investor may be required to top-up the investors' existing instalment if the prices of Units fall below a certain level due to market conditions. Failing which, the Units may be sold at a lower NAV per Unit as compared to the NAV per Unit at the point of purchase towards settling the financing.</p> <p><u>Manager's Risk</u> This risk refers to our day-to-day management of the Fund which will impact the performance of the Fund. For example, investment decisions undertaken by us, as a result of an incorrect view of the market or any non-compliance with internal policies, investment mandate, the Deed, relevant law or guidelines due to factors such as human error or weaknesses in operational process and systems, may adversely affect the performance of the Fund. In order to mitigate this risk, the implementation of internal controls and a structured investment process and operational procedures has been put in place by us.</p> <p><u>Non-compliance Risk</u> This risk refers to the possibility that we may not follow the provisions set out in this Prospectus or the Deed or the law, rules or guidelines or internal operating policies which governs the Fund. Non-compliance may occur directly due to factors such as human error or system failure and can also occur indirectly due to amendment on the relevant regulatory frameworks, laws, rules, and other legal practices affecting the Fund. This risk may result in operational disruptions and potential losses to the Fund. We aim to reduce this risk by placing stringent internal policies and procedures and compliance monitoring processes to ensure that the Fund is in compliance with the relevant fund regulations or guidelines.</p> <p><u>Performance Risk</u> Investors should be aware that there is no guarantee of any returns, i.e. income distribution or capital appreciation by investing in the Fund. Unlike fixed deposits placed directly by the investors into any financial institution which carry a specific rate of return, the Fund does not provide a fixed rate of return.</p> <p><u>Suspension of Redemption Risk</u> The Fund may, in consultation with the Trustee and having considered the interests of the Unit Holders, suspend the redemption of Units under exceptional circumstances, where the fair value of a material portion of the Fund's assets cannot be reasonably determined. Upon suspension, the Fund will not be able to pay Unit Holders' redemption proceeds in a timely manner and Unit Holders will be compelled to remain invested in the Fund for a longer period of time than the stipulated redemption timeline. Hence, Unit Holder's investments will continue to be subjected to the risk factors inherent to the Fund. Please refer to Section 5.9 of this Prospectus for more information on suspension of dealing in Units.</p>
Specific Risks of the Fund	<p><u>Credit and Default Risk</u> Credit risk relates to the creditworthiness of the issuers of the Islamic money market instruments, and their expected ability to make timely payment of profit and/or principal. Any adverse situations faced by the issuer may impact the value as well as liquidity of the Islamic money market instruments. In the case of rated Islamic money market instruments, this may lead to a credit downgrade. Default risk relates to the risk that an issuer of an Islamic money market instrument either defaulting on payments or failing to make payments in a timely manner which will in turn adversely affect the value of the Islamic money market instruments. This could adversely affect the value of the Fund.</p>

FUND	Maybank Global Strategic Growth-I Fund
	<p>Islamic deposits that the Fund has placed with financial institutions are also exposed to default risk. If the financial institutions become insolvent, the Fund may suffer capital losses with regards to the capital invested and profit foregone, causing the performance of the Fund to be adversely affected. Placements of Islamic deposits with financial institution will also be made based on prudent selection.</p> <p><u>Stock Specific Risk</u> Prices of a particular Shariah-compliant stock may fluctuate in response to the circumstances affecting individual companies such as adverse financial performance, news of a possible merger or loss of key personnel of a company. Any adverse price movements of such stock will adversely affect the Fund's NAV.</p> <p><u>Shariah-compliant Equity-related Securities Risk</u> The Fund may invest in Shariah-compliant equity-related securities equivalent to shares such as Shariah-compliant warrants. The price of Shariah-compliant warrants is typically linked to the underlying stocks. However, the price and performance of such Shariah-compliant warrants will generally fluctuate more than the underlying stocks because of the greater volatility of the warrants market. Generally, as the Shariah-compliant warrants have a limited life, they will depreciate in value as they approach their maturity date, assuming that all other factors remain unchanged. Shariah-compliant warrants that are not exercised at maturity will become worthless and will negatively affect the NAV of the Fund.</p> <p>The Fund's investment in Shariah-compliant ADRs and Shariah-compliant GDRs are also subject to the same risks as the equity shares of companies they are issued for and will fluctuate in value due to market, economic, political and other factors. Shariah-compliant ADRs and Shariah-compliant GDRs are exposed to counterparty risks in the handling of the depositary receipts, may have differing accounting regimes from underlying assets, additional regulatory scrutiny, and may face unequal voting rights or economic interests relative to underlying shares. The prices of Shariah-compliant ADRs and Shariah-compliant GDRs may diverge from the price of their underlying shares. Any adverse price movements of such Shariah-compliant ADRs and Shariah-compliant GDRs will adversely affect the Fund's NAV.</p> <p><u>Profit Rate Risk</u> Profit rate risk refers to the impact of profit rate changes on the valuation of Islamic money market instruments and Islamic deposits. When profit rates rise, Islamic money market instruments' prices generally decline and this may lower the market value of the Fund's investment in Islamic money market instruments. The reverse may apply when profit rates fall.</p> <p>Profit rate fluctuations also affect the Islamic deposits' returns of the Fund. Profit rates offered by the financial institutions will fluctuate according to the overnight rate policy determined by Bank Negara Malaysia and this has direct correlation with the Fund's investment in Islamic deposits. The Fund's future reinvestment in Islamic deposits will benefit from the higher profit rate and in the event of falling profit rates, the Fund's future investment in Islamic deposits will be reinvested at lower profit rates which in turn will reduce the Fund's potential returns.</p>

FUND	Maybank Global Strategic Growth-I Fund
	<p><u>Currency Risk</u> As the investments of the Fund may be denominated in currencies other than the Base Currency, any fluctuation in the exchange rate between the Base Currency and the currencies in which the investments are denominated may have an impact on the value of these investments. Investors should be aware that if the currencies in which the investments are denominated depreciate against the Base Currency, this will have an adverse effect on the NAV of the Fund in the Base Currency and vice versa. Investors should note that any gains or losses arising from the fluctuation in the exchange rate may further increase or decrease the returns of the investment.</p> <p><u>Country Risk</u> Investments of the Fund in any countries may be affected by changes in the economic and political climate, restriction on currency repatriation or other developments in the law or regulations of the countries in which the Fund invests in. For example, if the Fund invests a significant portion of its assets in issuers located in a single country, a limited number of countries, or a particular geographic region, it assumes the risk that economic, political and social conditions in those countries or that region may have a significant impact on the Fund's investment performance. This in turn may cause the NAV of the Fund or prices of Units to fall.</p> <p><u>OTC Counterparty Risk</u> OTC counterparty risk is the risk associated with the other party to an OTC Islamic derivative transaction not meeting its obligations. If the counterparty to the OTC Islamic derivative transaction is unable to meet or otherwise defaults on its obligations (for example, due to bankruptcy or other financial difficulties), the Fund may be exposed to significant losses greater than the cost of the Islamic derivatives. The risk of default of a counterparty is directly linked to the creditworthiness of that counterparty. Should there be a downgrade in the credit rating of the OTC Islamic derivatives' counterparty, we will take the necessary steps, which may include but not limited to evaluating the situation, reassessing the creditworthiness of the counterparty or disposing the Islamic derivative with that counterparty, to rectify the non-compliance within six (6) months or sooner and taking into consideration the best interest of the Fund.</p> <p><u>Islamic Derivatives Risk</u> Islamic derivatives, if any, will only be used for the purpose of hedging the Fund's portfolio from certain anticipated losses such as those resulting from unfavourable exchange rate movements. However, every hedge comes with a cost. In a move to mitigate the risk of uncertainty, the Fund is now exposed to the risk of opportunity loss. Once hedged, the Fund cannot take full advantage of favourable exchange rate movements. If the exposure which the Fund is hedging against makes money, the act of hedging would have typically reduced the potential returns of the Fund. On the other hand, if the exposure which the Fund is hedging against losses money, the act of hedging would have reduced the loss, if successfully hedged.</p> <p><u>Risk Associated with Investment in Islamic CIS</u> Investing in Islamic CIS may be more costly to the Fund than if the Fund had invested in the underlying investments directly as the Fund will indirectly be paying the fees and expenses of the Islamic CIS in addition to the Fund's direct fees and expenses. Investing in other Islamic CIS may subject the Fund to the risk that (i) the valuations of the Fund may not reflect the true value of the underlying Islamic CIS at a specific time which could result in significant losses or inaccurate pricing for the Fund and/or (ii) the valuation of the underlying</p>

FUND	Maybank Global Strategic Growth-I Fund
	<p>Islamic CIS may not be available as at the relevant valuation point for the Fund. The Fund's investments in Islamic CIS may also subject the Fund to additional risks (such as risk associated with the investment manager of the Islamic CIS) than if the Fund would have invested directly in the underlying investments of the Islamic CIS. The risk associated with the investment manager of the Islamic CIS includes but are not limited to the risk of non-adherence to the investment objective, strategy and policies of the Islamic CIS, the risk of direct or indirect losses resulting from inadequate or failed operational and administrative processes and systems of the investment manager of the Islamic CIS, and the risk that the Islamic CIS may underperform due to poor investment decisions by the investment manager of the Islamic CIS.</p> <p>Islamic ETFs are Islamic CIS designed to track a particular commodity, index or portfolio of Shariah-compliant securities, and are listed on a stock exchange. The following are the key risks of investing in Islamic ETFs:</p> <ul style="list-style-type: none"> • Tracking Error Islamic ETFs are in general, designed to track or replicate the performance of a particular index. However, exact replication may not be possible owing to factors such as: <ul style="list-style-type: none"> i) fees and expenses of the Islamic ETF; ii) foreign exchange movements; iii) the Islamic ETF may not have been construed to be exactly the same as the index, thus resulting in differences between the weighting of Shariah-compliant securities in the index and the Islamic ETF. This is due to the fact that certain Shariah-compliant securities in the index may have been omitted from the Islamic ETF's holdings or Shariah-compliant securities not in the index may be included in the Islamic ETF. Consequently, there is some divergence between the return of the Islamic ETF and the index; and iv) corporate actions such as right issues. • Islamic ETFs Trading at a Premium or Discount While the net asset value of the Islamic ETF is a key factor influencing the price of the Islamic ETF, it is also determined by the investors' supply and demand on the secondary market. Thus, an Islamic ETF may be traded on the secondary market at a price that is at a discount or a premium to the net asset value of the Islamic ETF portfolio. This discrepancy may be accentuated in uncertain or volatile financial/economic conditions. <p>Any adverse price movement of such Islamic CIS will adversely affect the Fund's NAV.</p> <p><u>Reclassification of Shariah Status Risk</u> This risk refers to the risk that the currently held Shariah-compliant equities in the Fund may be reclassified as Shariah non-compliant in the periodic review of the equities by the SACSC, the Shariah Adviser or the Shariah boards of the relevant Islamic indices. If this occurs, we will take the necessary steps to dispose such equities. There may be opportunity loss to the Fund due to the Fund not being allowed to retain the excess capital gains derived from the disposal of the Shariah non-compliant equities. The value of the Fund also may be adversely affected in the event of a disposal of Shariah non-compliant equities at a price lower than the investment cost. Please refer to "Shariah Investment Guidelines" below for details on the treatment of gains and losses as a result of the reclassification of Shariah non-compliant equities.</p>

	<p><u>Shariah Non-Compliance Risk</u></p> <p>This is the risk of the Fund not conforming to Shariah Investment Guidelines. We would be responsible for ensuring that the Fund is managed and administered in accordance with the Shariah Investment Guidelines. As the Fund can only invest in Shariah-compliant investments, non-compliance may adversely affect the NAV of the Fund when the rectification of such non-compliance results in losses.</p>
Risk Management Strategies	<p>Risk management is an integral part of our investment management process. In order to ensure that the Fund is managed in accordance with the Guidelines and the Deed, proper procedures and parameters are in place to manage the risks that are applicable to the Fund. Regular monitoring, reviews and reporting are also undertaken by us to ensure that the Fund's investment objective is met.</p> <p><u>Liquidity Risk Management</u></p> <p>In managing the Fund's liquidity, we will:</p> <ul style="list-style-type: none"> (a) actively manage the liquidity of the Fund to meet redemption requests from Unit Holders; and/or (b) where available, obtain cash financing on a temporary basis for the purpose of meeting redemption requests for Units and for short term bridging requirements subject to the conditions set out in the section below under the heading "Financing and Borrowing". <p>However, if we have exhausted the above avenue, we will then, in consultation with the Trustee and having considered the interests of the Unit Holders, resort to suspend the redemption of Units to manage the liquidity of the Fund under exceptional circumstances, where the fair value of a material portion of the Fund's assets cannot be reasonably determined. Any redemption request received by us during the suspension period will only be accepted and processed on the next Business Day after the cessation of suspension of the Fund. Please refer to Section 5.9 of this Prospectus for more information on suspension of dealing in Units.</p>

Investors are reminded that the risks listed above may not be exhaustive and if necessary, they should consult their adviser(s), e.g. bankers, lawyers, Shariah advisers, stockbrokers or independent professional advisers for a better understanding of the risks.

(4) FEES, CHARGES AND EXPENSES

Due to multiple Classes in this Fund, the indirect fees and/or charges for the Fund are apportioned based on the size of the Class relative to the whole Fund. This means that the multi-class ratio (“MCR”) is calculated by taking the “value of a Class” for a particular day and dividing it with the “value of the Fund” for that same day. This apportionment is expressed as a ratio and is calculated as a percentage. As an illustration, assuming there is an indirect fee chargeable to the Fund of RM100 and the size of MYR Class and MYR (Institutional) Class over the size of the Fund is 40% and 60% respectively, the ratio of the apportionment based on the percentage will be 40:60, 40% being borne by MYR Class and 60% being borne by MYR (Institutional) Class.

4.8 Policy on Stockbroking Rebates and Soft Commissions

We, our delegate, the Trustee or the Trustee's delegate should not retain any rebate from, or otherwise share in any commission with, any broker or dealer in consideration for directing dealings in the investments of the Fund. Accordingly, any rebate or shared commission will be directed to the Fund's account.

However, soft commissions provided by any broker or dealer may be retained by us if:

- (i) the soft commissions bring direct benefit or advantage to the management of the Fund and may include research and advisory related services;
- (ii) any dealing with the broker or dealer is executed on terms which are the most favourable for the Fund; and
- (iii) the availability of soft commissions is not the sole or primary purpose to perform or arrange transactions with such broker or dealer, and we will not enter into unnecessary trades in order to achieve a sufficient volume of transactions to qualify for soft commissions.

4.9 Tax

Unit Holders and/or the Fund, as the case may be, will bear any tax which may be imposed by the government or other authorities from time to time in addition to the applicable fees, charges and expenses stated in this Prospectus.

(5) TRANSACTION INFORMATION

5.1 Bases of Valuation of Investments

Listed Shariah-compliant securities (including listed Islamic CIS)

Listed Shariah-compliant securities will be valued daily based on the last done market price.

However, if:-

- (a) a valuation based on the market price does not represent the fair value of the listed Shariah-compliant securities, for example during abnormal market conditions; or
- (b) no market price is available, including in the event of a suspension in the quotation of listed Shariah-compliant securities for a period exceeding 14 days, or such shorter period as agreed by the Trustee,

then the listed Shariah-compliant securities would be valued at fair value, as determined in good faith by us based on the methods or bases approved by the Trustee after appropriate technical consultation.

Islamic money market instruments

Investments in Islamic commercial papers and Islamic treasury bills are valued each day based on the price quoted by bond pricing agency ("BPA") registered with the SC. Where we are of the view that the price quoted by BPA differs from the market price by more than 20 basis points, we may use the market price provided that we:

- (a) record our basis for using a non-BPA price;
- (b) obtain the necessary internal approvals to use the non-BPA price; and
- (c) keep an audit trail of all decisions and basis for adopting the market yield.

For investments in Islamic money market instruments with remaining term to maturity of not more than 90 days at the time of acquisition, such instruments are valued each day based on amortised cost. The risk of using amortised cost method is the mispricing of the Islamic money market instruments. We will monitor the valuation of such Islamic money market instruments using amortised cost method against the market value on a daily basis and will use the market value if the difference in valuation exceeds 3%.

Islamic deposits

Islamic deposits placed with financial institutions are valued each day by reference to the value of such investments and the profits accrued thereon for the relevant period.

Unlisted Islamic CIS

Investment in unlisted Islamic CIS will be valued based on the last published repurchase price.

Islamic derivatives

Islamic derivative positions will be valued daily at fair value, as determined in good faith by us based on methods or bases which have been verified by the auditor and approved by the Trustee.

Foreign Exchange Rate Conversion

Where the value of an asset of the Fund is denominated in a foreign currency (if any), the assets are translated on a daily basis to MYR using the bid foreign exchange rate quoted by either Reuters or Bloomberg, at United Kingdom time 4.00 p.m. which is equivalent to 11.00 p.m. or 12.00 midnight (Malaysia time) on the same day, or such other time as prescribed from time to time by FIMM or any relevant laws.

Any other Shariah-compliant investments

Fair value as determined in good faith by us on methods or bases which have been verified by the auditor of the Fund and approved by the Trustee.

5.2 Valuation Point

The Fund is valued once every Business Day after the close of the market in which the portfolio of the Fund is invested for the relevant day but not later than the end of the next Business Day.

As such, the daily price of the Fund for a particular Business Day will not be published on the next Business Day but will instead be published two (2) Business Days later (i.e., the price will be two (2) days old).

5.3 Computation of NAV and NAV per Unit

The NAV of the Fund is determined by deducting the value of the Fund's liabilities from the value of the Fund's assets at a valuation point.

Please note that the example below is for illustration only:

	Fund (RM)	MYR Class (RM)	MYR (Institutional) Class (RM)
Value of the Fund/Class	101,500,000.00		
Add: Other assets (including cash) & income	200,000.00		
Less: Liabilities	100,000.00		
NAV of the Fund before deducting management fee and trustee fee for the day	101,600,000.00		
Multi-class ratio [^]	100%	40%	60%
NAV of the Class before deducting management fee and trustee fee for the day		40,640,000.00	60,960,000.00
Less: Management fee for the day		(40,640,000 x 1.80% / 365 days)	(60,960,000 x 1.20% / 365 days)
	4,008.32	2,004.16	2,004.16
Less: Trustee fee for the day		(40,640,000 x 0.06% / 365 days)	(60,960,000 x 0.06% / 365 days)
	167.02	66.81	100.21
Total NAV (RM)	101,595,824.66	40,637,929.03	60,957,895.63

[^]Multi class ratio is apportioned based on the size of the Class relative to the whole Fund. This means the multi class ratio is calculated by taking the value of a Class for a particular day and dividing it with the value of the Fund for that same day. This apportionment is expressed as a ratio and calculated as a percentage.

The NAV per Unit of a Class is calculated by dividing the NAV of the Fund attributable to the Class by the number of Units in circulation of that Class at the end of each Business Day.

Assuming there are 100,000,000 Units of the Fund in circulation at the point of valuation, the NAV per Unit of a Class shall therefore be calculated as follows:

		Fund (RM)	MYR Class (RM)	MYR (Institutional) Class (RM)
	NAV	101,595,824.66	40,637,929.03	60,957,895.63
Divide:	Units in circulation		40,000,000	60,000,000
	NAV per Unit of the Class (RM)		1.0159*	1.0159*

*The NAV per Unit of each Class will be rounded up to 4 decimal places for the purposes of publication of the NAV per Unit.

5.4 Pricing of Units

Single Pricing Regime

We adopt a **single pricing regime** in calculating your investments into the Fund and redemption of Units. This means that all purchases and redemptions are transacted on a single price (i.e. NAV per Unit). You would therefore purchase and redeem Units at NAV per Unit. The Selling Price per Unit and Redemption Price per Unit are based on Forward Pricing.

Selling Price of Units

The Selling Price of a Unit of a Class of the Fund is the NAV per Unit at the next valuation point after the request to purchase Units is received by us (Forward Pricing). The sales charge applicable to the Class is payable by you in addition to the Selling Price for the Units purchased.

Calculation of Selling Price

Illustration - Sale of Units

Example:

If you wish to invest RM10,000.00 in MYR Class before 4.00 p.m. on any Business Day, and if the sales charge is 6.50% of the NAV per Unit, the total amount to be paid by you and the number of Units issued to you will be as follows:

Sales charge incurred	=	$\frac{\text{investment amount}}{1 + \text{sales charge (\%)}}$	x	sales charge (%)
	=	$\frac{\text{RM10,000}}{1 + 6.50\%}$	x	6.50%
	=	RM610.33		
Net investment amount	=	investment amount - sales charge		
	=	RM10,000 - RM610.33		
	=	RM9,389.67		
Units credited to investor	=	net investment amount / NAV per Unit		
	=	RM9,389.67 / RM1.0000		
	=	9,389.67 Units		

You are advised not to make payment in cash when purchasing Units of the Fund via any individual agent.

Redemption Price of Units

The Redemption Price of a Unit of a Class of the Fund is the NAV per Unit at the next valuation point after the redemption request is received by us (Forward Pricing).

Calculation of Redemption Price

Illustration - Redemption of Units

Example:

If you wish to redeem 10,000.00 Units from MYR Class before 4.00 p.m. on any Business Day, and if no redemption charge is imposed, the total amount to be paid to you will be as follows:

In the event that the NAV per Unit for MYR Class at the end of the Business Day = RM1.0000

Redemption charge payable by you = $0\% \times [10,000.00 \text{ Units} \times \text{RM}1.0000] = \text{RM}0.00$

The total amount to be paid to you will be:

= the number of Units to be redeemed multiplied with the NAV per Unit less redemption charge.

= $[10,000.00 \text{ Units} \times \text{RM}1.0000] - \text{RM}0.00$

= **RM10,000.00**

Therefore, you will receive **RM10,000.00** as redemption proceeds.

5.5 Incorrect Pricing

We shall ensure that the Fund and the Units of the Class are correctly valued and priced according to the Deed and all relevant laws. Where there is an error in the valuation and pricing of the Fund and/or Units, any incorrect valuation and pricing of the Fund and/or Units which is deemed to be significant will involve the reimbursement of money in the following manner:

(i) by us to the Fund; or

(ii) by the Fund to you and/or the former Unit Holders.

However, reimbursement of money shall only apply if the error is at or above the significant threshold of 0.5% of the NAV per Unit and the amount to be reimbursed is RM10.00 or more.

There are fees and charges involved and you are advised to consider the fees and charges before investing in the Fund.

TRANSACTION DETAILS

5.6 How and Where to Purchase and Redeem Units of the Fund

You can purchase and sell Units of the Fund at any of our appointed distributors as set out in Section 14 of this Prospectus.

5.7 Investment

The minimum initial investment and minimum additional investment for each Class of the Fund are set out in the table below:

	MYR Class	MYR (Institutional) Class
Minimum Initial Investment [^]	RM1,000	RM250,000
Minimum Additional Investment [^]	RM100	RM10,000

[^] or such other lower amount as determined by us from time to time.

Investors are recognised as Unit Holders only after they have been registered in the Unit Holders' register. The registration takes effect from the date we receive and accept the application to purchase Units from you together with the payment thereof.

Note: Our distributors may set a lower minimum initial and/or additional investment than the above for investments made via our distributors subject to their terms and conditions for investment.

Unit holdings for each Class

You should note that there are differences when purchasing Units for each Class in certain circumstances.

There is no difference in terms of investment value of each Unit Holder, and all Unit Holders would have equal voting rights at Unit Holders' meetings of the Fund (if voting is done by poll as the Units held by him or her will be proportionate to the value of the Units).

However, this would not apply in situations where a show of hands is required to pass a resolution at a Unit Holders' meeting of the Fund.

5.8 Redemption of Units

You may redeem part or all of your Units on any Business Day by simply completing the redemption request form and returning it to us.

The minimum Unit holdings for each Class after the redemption must not be less than the Unit holdings set out below:

	MYR Class	MYR (Institutional) Class
Minimum Unit holdings [^]	1,000 Units	100,000 Units

[^] or such other lower number of Units as determined by us from time to time.

If your Unit holdings, after a redemption request, are below the minimum Unit holdings for the Class, full redemption will be initiated. Transaction costs such as charges for electronic payments, if any, will be borne by you and will be set-off against the redemption proceeds.

You shall be paid within seven (7) Business Days from the date the redemption request is received by us.

Other than the above conditions, there is no restriction in terms of the frequency of redemption for the Fund.

5.9 Suspension of Dealing in Units

We may, in consultation with the Trustee and having considered the interests of the Unit Holders, suspend the dealing in Units due to exceptional circumstances, where there is good and sufficient reason to do so (i.e., where the market value or fair value of a material portion

of the Fund's assets cannot be determined).

We will cease the suspension as soon as practicable after the aforesaid circumstances has ceased, and in any event within 21 days of commencements of suspension. The period of suspension may be extended if we satisfy the Trustee that it is in the best interest of Unit Holders for the dealing in Units to remain suspended. Such suspension will be subject to weekly review by the Trustee.

Any redemption request received by us during the suspension period will only be accepted and processed on the next Business Day after the cessation of suspension of the Fund. In such cases, Unit Holders will be compelled to remain invested in the Fund for a longer period of time than the stipulated redemption timeline. Hence, their investments will continue to be subjected to the risk factors inherent to the Fund.

Where such suspension is triggered, we will inform all Unit Holders in a timely and appropriate manner of its decision to suspend the dealing in Units.

5.10 Transfer of Units

Transfer of ownership of Units is allowed for this Fund.

Transfer of ownership from the account of the deceased Unit Holder to his/her personal representative will only be undertaken through the process of estate administration and death claims procedures.

5.11 Switching

You are permitted to switch from and to other funds managed by us provided that both funds are denominated in the same currency. Switching is treated as a withdrawal from 1 fund and an investment into another fund. Switching will be made at the prevailing NAV per Unit of the Class to be switched from on a Business Day when the switching request is received and accepted by us, subject to the availability and any terms and conditions imposed by the intended fund to be switched to, if any.

There is no restriction on the minimum number of Units for a switch or the frequency of switching. However, you must meet the minimum Unit holdings (after the switch) of the Class that you intend to switch from unless you are redeeming all your investments from the Class.

If you switch from a fund with a lower sales charge to a fund with a higher sales charge, you need to pay the difference in sales charge between the sales charges of these 2 funds in addition to the switching fee. If you switch from a fund with higher sales charge to a fund with a lower sales charge, you do not need to pay the difference in sales charge between these funds.

For example:-

Scenario 1

If you invest in a fund with no sales charge and now wish to switch to another fund which has a sales charge of 1.00% on the net asset value per unit, you will be charged the difference in sales charge of 1.00% on the net asset value per unit of the fund being switched into in addition to the switching fee of the fund you switched from.

Scenario 2

If you invest in a fund with a sales charge of 1.00% on the net asset value per unit and now wish to switch to another fund which has no sales charge, you will not be charged any sales charge.

Any switching request made **on or before the cut off time of 4.00 p.m.** will be made at the NAV per Unit of the Class to be switched from when the switching request is received and accepted by us on a Business Day, subject to availability and any terms and conditions imposed by the intended fund, if any.

Any switching request received or deemed to have been received after this cut-off time would be considered as being transacted on the following Business Day.

We reserve the right to vary the terms and conditions for switching from time to time, which shall be communicated to you in writing.

However, switching from an Islamic fund to a conventional fund is discouraged especially for Muslim Unit Holders.

Note: Our distributors may set an earlier cut-off time for receiving applications in respect of switching of Units. Please check with the respective distributors for their respective cut-off time.

5.12 Dealing Cut-Off Time for Investment and Redemption of Units

The dealing cut-off time is at **4.00 p.m.** on a Business Day.

Any investment application received via e-mail notification (or by fax, if e-mail is down) by us as well as cleared funds (unless any prior arrangement is made with us) received on or before the cut-off time on a Business Day will be processed on the same Business Day based on the Forward Pricing of the Fund.

Any application received after the cut-off time on a Business Day will be treated as having been received on the next Business Day and will be processed on the next Business Day based on the next Forward Pricing of the Fund.

The above is in accordance with the standards issued by FIMM on the dealing cut-off time.

Note: Our distributors may set an earlier cut-off time for receiving applications in respect of any dealing in Units. Please check with the respective distributors for their respective cut-off time.

5.13 Notice of Cooling-off Period

A cooling-off right refers to the right of an individual Unit Holder to obtain a refund of his investment in the Fund if he so requests within the cooling-off period. A cooling-off right is only given to you as an investor, **other than those listed below**, who is investing in any of our funds **for the first time**:

- (i) our staff; and
- (ii) persons registered with a body approved by the SC to deal in unit trusts.

The cooling-off period shall be for a total of 6 Business Days commencing from the date the application for Units is received by us.

The refund for every Unit held by you pursuant to the exercise of your cooling-off right shall be as follows:

- (a) if the NAV per Unit on the day the Units were first purchased is higher than the NAV per Unit at the point of exercise of the cooling-off right ("Market Price"), the Market Price at the point of cooling-off; or
- (b) if the Market Price is higher than the NAV per Unit on the day the Units were first purchased, the NAV per Unit on the day the Units were first purchased; and

(c) the sales charge per Unit originally imposed on the day the Units were purchased.

You will be refunded within 7 Business Days from our receipt of your cooling-off application.

You are advised not to make payment in cash when purchasing Units of the Fund via any individual agent.

5.14 Distribution of Income

Incidental.

Mode of Distribution

You may elect to either receive income payment via cash payment mode or reinvestment mode.

If you did not elect the mode of distribution, all income distribution will be automatically reinvested into additional Units in the Fund.

Unit Holders who elect to receive income payment via cash payment mode may receive the income payment by way of electronic payment into the Unit Holder's bank account on the income payment date (which is within 7 Business Days from the Ex-distribution Date). All bank charges for the electronic payment will be borne by the Unit Holders. The transfer charges will be deducted directly from the transferred amount before being paid to the Unit Holder's bank account.

Notes:

- (1) If the bank transfer remained unsuccessful and unclaimed for 6 months, the unclaimed income distribution will be reinvested into the Fund within 30 Business Days after the expiry of the 6 months period based on the prevailing NAV per Unit on the day of the reinvestment if the Unit Holders still hold Units of the Fund. If the Unit Holders no longer hold any Units of the Fund, we will deal with the unclaimed income distribution in accordance with the requirements of the Unclaimed Moneys Act, 1965.*
- (2) If you are investing in the Fund through our distributors, you will be subject to the applicable mode of distribution (i.e., cash payment or reinvestment or both) which has been chosen by our distributors. Please check with the respective distributors for the mode of distribution available to you.*

Reinvestment Policy

If you elect to reinvest the distribution in additional Units, we will create the Units based on the NAV per Unit* on the income reinvestment date (which is within 7 Business Days from the Ex-distribution Date).

**There will be no cost to Unit Holders for reinvestments in new additional Units.*

5.15 Anti-Money Laundering Policies and Procedures

We have established this set of policies and procedures to prevent money laundering activity and to report transactions if it appears to be suspicious, in compliance with the provision of Anti Money-Laundering, Anti-Terrorism Financing and Proceeds of Unlawful Activities Act, 2001 ("AMLA"). In view of these, we have a duty to ensure the following are strictly adhered to:-

- i) Compliance with laws: We shall ensure that laws and regulations are adhered, the business is conducted in conformity with high ethical standards and that service is not provided where there is good reason to suppose that transactions are associated with money laundering activities;

Subject to the provisions of any relevant law, the Trustee shall take all reasonable steps to remove the Manager:

- (a) if the Manager has failed or neglected to carry out its duties to the satisfaction of the Trustee and the Trustee considers that it would be in the interest of the Unit Holders for the Trustee to do so after the Trustee has given notice to the Manager of that opinion and the reasons for that opinion, and has considered any representations made by the Manager in respect of that opinion and after consultation with the relevant authorities and with the approval of the Unit Holders by way of a special resolution;
- (b) unless expressly directed otherwise by the relevant authorities, if the Manager is in breach of any of its obligations or duties under the Deed or the relevant laws, or has ceased to be eligible to be a management company under the relevant laws; or

The Trustee shall, at the same time, in writing appoint some other corporation already approved by the relevant authorities to be the management company of the Fund; such corporation shall have entered into such deed or deeds as the Trustee may consider to be necessary or desirable to secure the due performance of its duties as management company for the Fund.

petition is presented for the winding up of the Trustee (other than for the purpose of and followed by a reconstruction, unless during or following such reconstruction the Trustee becomes or is declared to be insolvent); or

- (f) the Trustee is under investigation for conduct that contravenes the Trust Companies Act 1949, the Trustee Act 1949, the Companies Act 2016 or any relevant law.

9.7 Termination of the Fund

Termination of the Fund

The Fund may be terminated or wound up should the following occur:-

- (a) the authorisation of the Fund has been revoked by the SC; or
- (b) a special resolution is passed at a Unit Holders' meeting to terminate or wind up the Fund.

The Manager may also, in its sole discretion and without having to obtain the prior approval of the Unit Holders, terminate and wind up the Fund if the termination of the Fund is in the best interests of the Unit Holders and the Manager deems it to be uneconomical for the Manager to continue managing the Fund.

Termination of a Class

The Manager may terminate a particular Class via the passing of a special resolution by the Unit Holders of such Class at a meeting of Unit Holders, and subject to and in accordance with the relevant laws. The Manager may only terminate a particular Class if the termination of the Class does not prejudice the interests of Unit Holders of any other Class. For the avoidance of doubt, the termination of a Class shall not affect the continuity of any other Class of the Fund.

The Manager may also, in its sole discretion and without having to obtain the prior approval of the Unit Holders, terminate the Class if the termination of the Class is in the best interests of the Unit Holders of the Class and the Manager deems it to be uneconomical for the Manager to continue managing the Class.

Procedures for termination of the Fund

Upon the termination of the Fund, the Trustee shall:

- (a) sell all the Fund's assets then remaining in its hands and pay out of the Fund any liabilities of the Fund; such sale and payment shall be carried out and completed in such manner and within such period as the Trustee considers to be in the best interests of the Unit Holders; and
- (b) from time to time distribute to the Unit Holders, in proportion to the number of Units held by them respectively:
 - (1) the net cash proceeds available for the purpose of such distribution and derived from the sale of the Fund's assets less any payments for liabilities of the Fund; and
 - (2) any available cash produce,

provided always that the Trustee shall not be bound, except in the case of final distribution, to distribute any of the moneys for the time being in his hands the amount of which is insufficient for payment to the Unit Holders of RM0.50 or its equivalent currency denomination of the Class, if applicable, in respect of each Unit

and provided also that the Trustee shall be entitled to retain out of any such moneys in his hands full provision for all costs, charges, taxes, expenses, claims and demands incurred, made or anticipated by the Trustee in connection with or arising out of the winding-up of the Fund and, out of the moneys so retained, to be indemnified against any such costs, charges, taxes, expenses, claims and demands; each of such distribution shall be made only against the production of such evidence as the Trustee may require of the title of the Unit Holder relating to the Units in respect of which the distribution is made.

In the event of the Fund being terminated:

- (a) the Trustee shall be at liberty to call upon the Manager to grant the Trustee, and the Manager shall so grant, a full and complete release from the Deed;
- (b) the Manager and the Trustee shall notify the relevant authorities in such manner as may be prescribed by any relevant law; and
- (c) the Manager or the Trustee shall notify the Unit Holders in such manner as may be prescribed by any relevant law.

If at a meeting of Unit Holders of a particular Class to terminate such Class, a special resolution to terminate the Class is passed by the Unit Holders:

- (a) the Trustee shall cease to create Units of that Class;
- (b) the Manager shall cease to deal in Units of that Class;
- (c) the Trustee and the Manager shall notify the relevant authorities in writing of the passing of the special resolution; and
- (d) the Trustee or the Manager shall as soon as practicable inform all Unit Holders of the Fund of the termination of that Class.

9.8 Unit Holders' Meeting

A Unit Holders' meeting may be called by the Manager, Trustee or Unit Holders. Any such meeting must be convened in accordance with the Deed and/or the Guidelines.

Every question arising at any meeting shall be decided in the first instance by a show of hands unless a poll is demanded or, if it be a question which under the Deed requires a special resolution, a poll shall be taken. On a show of hands every Unit Holder who is present in person or by proxy shall have one vote notwithstanding that a Unit Holder may hold Units in different Class in the Fund. Upon a poll, the votes by every Unit Holder present in person or by proxy shall be proportionate to the value of Units held by him.

Quorum

- (a) The quorum required for a meeting of the Unit Holders of the Fund or a Class, as the case may be, shall be 5 Unit Holders, whether present in person or by proxy; however, if the Fund or a Class, as the case may be, has 5 or less Unit Holders, the quorum required for a meeting of the Unit Holders of the Fund or a Class, as the case may be, shall be 2 Unit Holders, whether present in person or by proxy.
- (b) If the meeting has been convened for the purpose of voting on a special resolution, the Unit Holders present in person or by proxy must hold in aggregate at least 25% of the Units in circulation of the Fund or a Class, as the case may be, at the time of the meeting.

- (c) If the Fund or a Class, as the case may be, has only one (1) remaining Unit Holder, such Unit Holder, whether present in person or by proxy, shall constitute the quorum required for the meeting of the Unit Holders of the Fund or a Class, as the case may be.

Policies On Dealing With Conflict Of Interest Situations

We have in place policies and procedures to deal with any conflict of interest situations. In making an investment transaction for the Fund, we will not make improper use of our position in managing the Fund to gain, directly or indirectly, any advantage or to cause detriment to the interests of Unit Holders.

We and our directors including the person(s) or members of a committee undertaking the oversight function of the Fund will at all times act in the best interests of the Unit Holders of the Fund and will not conduct ourselves in any manner that will result in a conflict of interest or potential conflict of interest. In the unlikely event that any conflict of interest arises, such conflict shall be resolved such that the Fund is not disadvantaged. In the unlikely event that we face conflicts in respect of our duties to the Fund and our duties to the other

funds that we manage, we are obliged to act in the best interests of all our investors and will seek to resolve any conflicts fairly and in accordance with the Deed and the relevant laws.

Where a conflict or potential conflict of interest situation arises, it will be evaluated by the compliance department and disclosed to our executive director for the next course of action. Conflict of interest situations involving the executive director will be disclosed to our board of directors for a decision on the next course of action. Directors or staffs who are in advisory positions such as portfolio managers or staffs who have access to information on transactions are not allowed to engage in dealings on their own account. - (b) prohibition of employees involved in share trading on the stock market, from trading in the open market in their private capacity, except with prior approval of the chief executive officer or compliance officer, or for the purpose of disposing shares in quoted limited companies acquired through sources permitted by us;
- (c) limits set when using brokers, dealers and/or financial institutions for dealings of the investments of the unit trust funds;
- (d) duties for making investment decisions, raising accounting entries and ensuring that payments are properly segregated and carried out by different departments which are headed by separate persons;

- (f) holding meetings with the Trustee on a case to case basis to discuss issues related to the management of the unit trust fund, including conflict of interest situations; and
- (g) a proper segregation of duties to prevent conflict of interest situations.

In addition, a periodic declaration of securities trading is required from all employees and our executive director, to ensure that there is no potential conflict of interest between the employees' securities trading and the execution of the employees' duties to us and our customers. We have also appointed a senior compliance officer whose duties include monitoring and resolving conflict of interest situations in relation to unit trust funds managed and administered by us.

As at LPD, we are not aware of any existing or potential conflict of interest situations which may arise.

Dear Sirs

Taxation of the unit trust fund and unit holders

This letter has been prepared for inclusion in this Prospectus in connection with the offer of units in the unit trust known as Maybank Global Strategic Growth-I Fund (hereinafter referred to as "the Fund").

The purpose of this letter is to provide prospective unit holders with an overview of the impact of taxation on the Fund and the unit holders.

Taxation of the Fund

The taxation of the Fund is subject to the provisions of the Malaysian Income Tax Act 1967 (MITA), particularly Sections 61 and 63B.

Subject to certain exemptions, the income of the Fund comprising profits and other investment income derived from or accruing in Malaysia after deducting tax allowable expenses, is subject to Malaysian income tax at the rate of 24% with effect from the year of assessment 2016.

Tax allowable expenses would comprise expenses falling under Section 33(1) and Section 63B of the MITA. Section 33(1) permits a deduction for expenses that are wholly and exclusively incurred in the production of gross income. In addition, Section 63B allows unit trusts a deduction for a portion of other expenses (referred to as 'permitted expenses') not directly related to the production of income, as explained below.

“Permitted expenses” refer to the following expenses incurred by the Fund which are not deductible under Section 33(1) of the MITA:

- the manager’s remuneration,
- maintenance of the register of unit holders,
- share registration expenses,
- secretarial, audit and accounting fees, telephone charges, printing and stationery costs and postage.

These expenses are given a partial deduction under Section 63B of the MITA, based on the following formula:

$$A \times \frac{B}{4C}$$

- where
- A is the total of the permitted expenses incurred for that basis period;
 - B is gross income consisting of dividend¹, interest and rent chargeable to tax for that basis period; and
 - C is the aggregate of the gross income consisting of dividend¹ and interest (whether such dividend or interest is exempt or not) and rent, and gains made from the realisation of investments (whether chargeable to tax or not) for that basis period,

provided that the amount of deduction to be made shall not be less than 10% of the total permitted expenses incurred for that basis period.

¹ Pursuant to Section 15 of the Finance Act 2011, with effect from the year of assessment 2011, dividend income is deemed to include income distributed by a unit trust which includes distributions from Real Estate Investment Trusts.

Exempt income

The following income of the Fund is exempt from income tax:

- **Malaysian sourced dividends**

All Malaysian-sourced dividends should be exempt from income tax.

- **Malaysian sourced interest**

- (i) interest from securities or bonds issued or guaranteed by the Government of Malaysia;
- (ii) interest from debentures or *sukuk*, other than convertible loan stock, approved or authorized by, or lodged with, the Securities Commission;
- (iii) interest from Bon Simpanan Malaysia issued by Bank Negara Malaysia;
- (iv) interest derived from Malaysia and paid or credited by banks licensed under the Financial Services Act 2013 or the Islamic Financial Services Act 2013²;
- (v) interest derived from Malaysia and paid or credited by any development financial institution prescribed under the Development Financial Institutions Act 2002²;
- (vi) interest from *sukuk* originating from Malaysia, other than convertible loan stock, issued in any currency other than Ringgit and approved or authorized by, or lodged with, the Securities Commission or approved by the Labuan Financial Services Authority (LFSA)³; and
- (vii) interest which is specifically exempted by way of statutory orders or any other specific exemption provided by the Minister.

- **Discount**

Tax exemption is given on discount paid or credited to any unit trust in respect of investments as specified in items (i), (ii) and (iii) above.

² Effective from 1 January 2019, the income tax exemption for a unit trust fund, pursuant to Paragraph 35A, Schedule 6 of the MITA shall not apply to a wholesale fund which is a money market fund.

³ Effective from the year of assessment 2017, the exemption shall not apply to interest paid or credited to a company in the same group or interest paid or credited to a bank licensed under the Financial Services Act 2013 or the Islamic Financial Services Act 2013; or a development financial institution prescribed under the Development Financial Institutions Act 2002.

Foreign-sourced income

Pursuant to the Finance Act 2021, income derived by a resident person from sources outside Malaysia and received in Malaysia from 1 January 2022 will no longer be exempt from tax.

The Guidelines issued by the Malaysian Inland Revenue Board on 29 September 2022 (amended on 29 December 2022) define the term “received in Malaysia” to mean transferred or brought into Malaysia, either by way of cash⁴ or electronic funds transfer⁵.

Foreign-sourced income (FSI) received in Malaysia during the transitional period from 1 January 2022 to 30 June 2022 will be taxed at 3% of gross. From 1 July 2022 onwards, FSI received in Malaysia will be taxed at the prevailing tax rate(s) of the taxpayer and based on applicable tax rules. Bilateral or unilateral tax credits may be allowed if the same income has suffered foreign tax, and where relevant conditions are met.

Income Tax (Exemption) (No. 6) Order 2022 has been issued to exempt a “qualifying person”⁶ from the payment of income tax in respect of dividend income which is received in Malaysia from outside Malaysia, effective from 1 January 2022 to 31 December 2026. The exemption will however not apply to a person carrying on the business of banking, insurance or sea or air transport. As the definition of “qualifying person” does not include unit trust funds, it would mean that resident unit trust funds would technically not qualify for the exemption, unless there are further updates thereto⁷.

Gains from the realisation of investments

Pursuant to the Finance (No.2) Act 2023 (“Finance Act”), gains from realization of investments by a unit trust would no longer be exempt from tax. Pursuant to Section 61(1)(b) of the MITA, gains arising from the realization of investments shall be treated as income of a unit trust under Section 4(aa) of the MITA, provided that such gains are not related to real property as defined in the Real Property Gains Tax ACT 1976. Section 49(aa) provides that gains or profits from the disposal of a capital asset⁸ are to be treated as a class of income. Paragraph 38 of Schedule 6 of the MITA, introduced via the Finance Act, then provides an income Tax exemption on gains or profits from the disposal of a capital asset situated in Malaysia other than:

⁴ “Cash” in this context is defined as banknotes, coins and cheques.

⁵ “Electronic funds transfer” means bank transfers (e.g., credit or debit transfers), payment cards (debit card, credit card and charge card), electronic money, privately-issued digital assets (e.g., crypto-assets, stablecoins) and central bank digital currency.

⁶ “Qualifying person” in this context means a person resident in Malaysia who is:

- (a) An individual who has dividend income received in Malaysia from outside Malaysia in relation to a partnership business in Malaysia;
- (b) A limited liability partnership which is registered under the Limited Liability Partnerships Act 2012; or
- (c) A company which is incorporated or registered under the Companies Act 2016.

⁷ On 16 January 2024, the Honorable Finance Minister II announced that unit trust will be exempted from tax on foreign-sourced income from 1 January 2024 until 31 December 2026. The exemption has yet to be legislated.

⁸ “Capital asset” means movable or immovable property including any rights or interest thereof.

- (i) Disposal of shares of a company incorporated in Malaysia not listed on the stock exchange⁹; and
- (ii) Disposal of shares under Section 15C of the MITA, which was introduced via the Finance Act, Section 15C deems gains or profits from the disposal of shares in a company incorporated outside Malaysia ("foreign company") to be derived from Malaysia and hence subject to Malaysian income tax, where the foreign company directly or indirectly owns real property in Malaysia exceeding certain thresholds, as determined based on the parameters of Section 15C.

As such, capital assets that fall within the scope of charge of the MITA are as follows:

- a) Capital assets situated in Malaysia - Shares of a company incorporated in Malaysia not listed on the stock exchange and shares in foreign incorporated companies deriving value from real property in Malaysia.
- b) Capital assets situated outside Malaysia - All capital assets, not limited to shares.

Gains from disposal of capital assets situated outside Malaysia will only be subject to tax when the gains are received in Malaysia.

The Finance Act provides an effective date of 1 January 2024 for the above changes to the MITA. However, pursuant to the Income Tax (Exemption) (No. 7) Order 2023 [P.U.(A) 410], a trust body is exempted from the payment of income tax in respect of any gains or profits received from the disposal of shares of a company incorporated in Malaysia not listed on the stock exchange. This exemption applies for such disposals from 1 January to 29 February 2024¹⁰.

The relevant tax rates of the gains of the disposal of capital assets are as below:

A. Disposal of capital assets situated in Malaysia which was acquired before 1 January 2024	
➤ On chargeable income of the disposal	10%
➤ On gross disposal price	2%

⁹ "stock exchange" has the meaning assigned to it in the Capital Markets and Service Act 2007.

¹⁰ On 16 January 2024, the Honorable Finance Minister II announced that unit trust will be exempted from tax on the capital gains on disposal of capital assets from 1 January 2024 until 31 December 2028. The exemption has yet to be legislated.

Implementation of Sales and Service Tax ("SST")

Sales and Service Tax ("SST") was re-introduced effective 1 September 2018. Sales Tax of 10% (most common rate) or 5% is charged by Malaysian manufacturers of taxable goods or upon importation into Malaysia of such taxable goods, unless specifically exempted under the Sales Tax (Goods Exempted From Tax) Order 2018. Service Tax is charged on certain prescribed taxable services performed by taxable persons as stipulated under Service Tax Regulations 2018. The input tax recovery mechanism under the previous GST regime does not apply to SST. Therefore, any SST incurred is not recoverable and will form a cost element for businesses.

Based on the Service Tax Regulations 2018, a unit trust fund is neither regarded as a taxable person nor as providing taxable services and is therefore not liable for SST registration. Where the Fund incurs expenses such as management fees, the management services provided by asset and fund managers who are licensed or registered with Securities Commission Malaysia for carrying out the regulated activity of fund management under the Capital Markets and Services Act 2007, are specifically excluded from the scope of Service Tax. As for other fees, such as trustee fees and other administrative charges, these may be subject to service tax¹¹ provided they fall within the scope of service tax (i.e. are provided by a "taxable person", who exceeds the required annual threshold (in most cases RM 500,000 per annum) and the services qualify as "taxable services").

Taxation of unit holders

For Malaysian income tax purposes, unit holders will be taxed on their share of the distributions received from the Fund.

The income of unit holders from their investment in the Fund broadly falls under the following categories:

1. taxable distributions; and
2. non-taxable and exempt distributions.

In addition, unit holders may also realise a gain from the sale of units.

¹¹ Pursuant to Service Tax Policy No. 1/2024, the service tax rate is increased from 6% to 8% effective from 1 March 2024.

The tax implications of each of the above categories are explained below:

1. Taxable distributions

Distributions received from the Fund will have to be grossed up to take into account the underlying tax paid by the Fund and the unit holder will be taxed on the grossed up amount.

Such distributions carry a tax credit, which will be available for set-off against any Malaysian income tax payable by the unit holder. Should the tax deducted at source exceed the tax liability of the unit holder, the excess is refundable to the unit holder.

Please refer to the paragraph below for the income tax rates applicable to the grossed up distributions.

2. Non-taxable and exempt distributions

Tax exempt distributions made out of gains from the realisation of investments and exempt income earned by the Fund will not be subject to Malaysian income tax in the hands of the unit holders.

A retail money market fund is exempted from tax on its interest income derived from Malaysia, pursuant to Paragraph 35A of Schedule 6 of the ITA. Pursuant to the Finance Act 2021, with effect from 1 January 2022, distributions by a retail money market fund from such tax exempt interest income, to a unit holder other than an individual, will no longer be exempt from tax. The distribution to unit holders other than individuals will be subject to withholding tax at 24%. This would be a final tax for non-residents. Malaysian residents are required to include the distributions in their tax returns and claim a credit in respect of the withholding tax suffered. Individuals will continue to be exempt from tax on such distributions.

As stated above, with effect from 1 January 2024 (1 March 2024 for disposal of shares of a company incorporated in Malaysia not listed on the stock exchange), gains arising from the realization of investments shall be treated as income of the Fund under Section 4(aa), pursuant to the proviso to Section 61(1)(b) of MITA. However, pursuant to Section 61(1A) of MITA, unit holders will still not be charged to tax on the gains referred to in the proviso to Section 61(1)(b).

Rates of tax

The Malaysian income tax chargeable on the unit holders would depend on their tax residence status and whether they are individuals, corporations or trust bodies. The relevant income tax rates are as follows:

Gains from sale of units

Gains arising from the realisation of investments will generally not be subject to income tax in the hands of unit holders unless they are insurance companies, financial institutions or traders / dealers in securities.

Unit splits and reinvestment of distributions

Unit holders may also receive new units as a result of unit splits or may choose to reinvest their distributions. The income tax implications of these are as follows:

- Unit splits - new units issued by the Fund pursuant to a unit split will not be subject to income tax in the hands of the unit holders.
- Reinvestment of distributions - unit holders may choose to reinvest their income distribution in new units by informing the Manager. In this event, the unit holder will be deemed to have received the distribution and reinvested it with the Fund.
